## How do I add an image to my Product?

Last Modified on 12/07/2024 12:06 pm AEST

As an administrator taking registrations, you have the option to add an image to your products, which will appear on your registration forms.

**Note: Product images can only be added to products if your sport/national body has this functionality enabled, so if you are a club, association or state administrator, contact them directly to put in this request if you cannot see this option within the product set up. If you are a national body organisation or private provider please contact us directly and we can enable this for you.**

To add a Product Image to a product:

1. In the left-hand menu, click **Registrations > PRODUCTS**

2. Click **ADD A NEW PRODUCT**

3. Scroll down to the **Product Image** field and click **UPLOAD IMAGE** to attach an image from your files
