

Add Registration Form to your GameDay Website

Last Modified on 29/07/2021 9:55 am AEST

Before adding the registration form link to your website, you will need to go into your database and view the form, and copy the registration form URL.

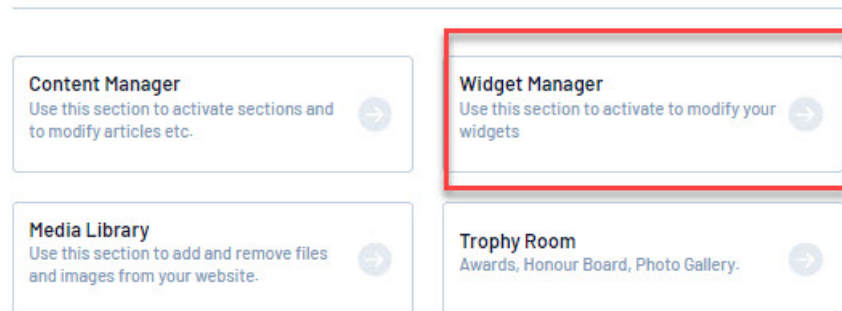

1. Scroll to the bottom of your website and click 'Site Editor'.

2. Click 'Widget Manager'.

Website Editor Control Panel

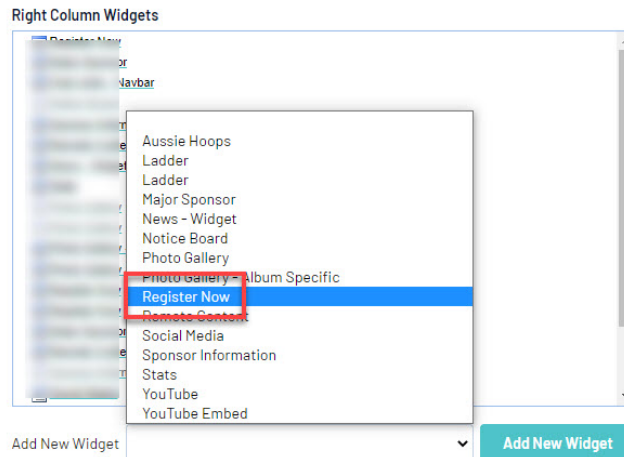

Manage Content

3. Click on the box next to Add New Section and click 'Register Now'. Click 'Add New Section'.

You can add new widgets by selecting them from the drop-down list below, then you can drag widgets up and down to reorder them in the list. Double Click to edit a widget, or right click for other options.

Click the 'Save/Update' button to save your changes.

You can add multiple additional sections or to remove existing sections by clicking '[Section Maintenance](#)'.

4. Right click on the widget and click 'Edit'.

5. Add your Registration Form URL in to the mandatory box and click 'Save'.
