

How do I add a Registration Form widget to my Website?

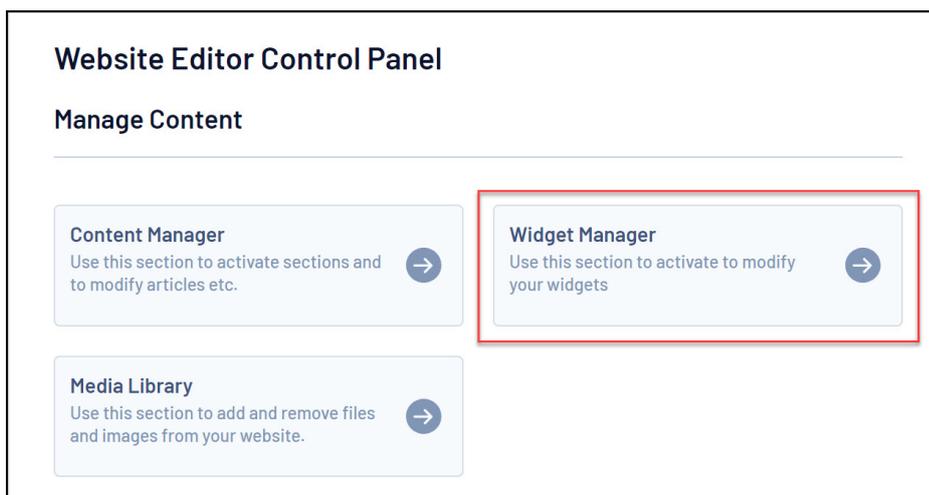

Last Modified on 07/12/2023 2:28 pm AEDT

Before adding the registration form link to your website, you will need to go into your database and view the form, and copy the registration form URL.

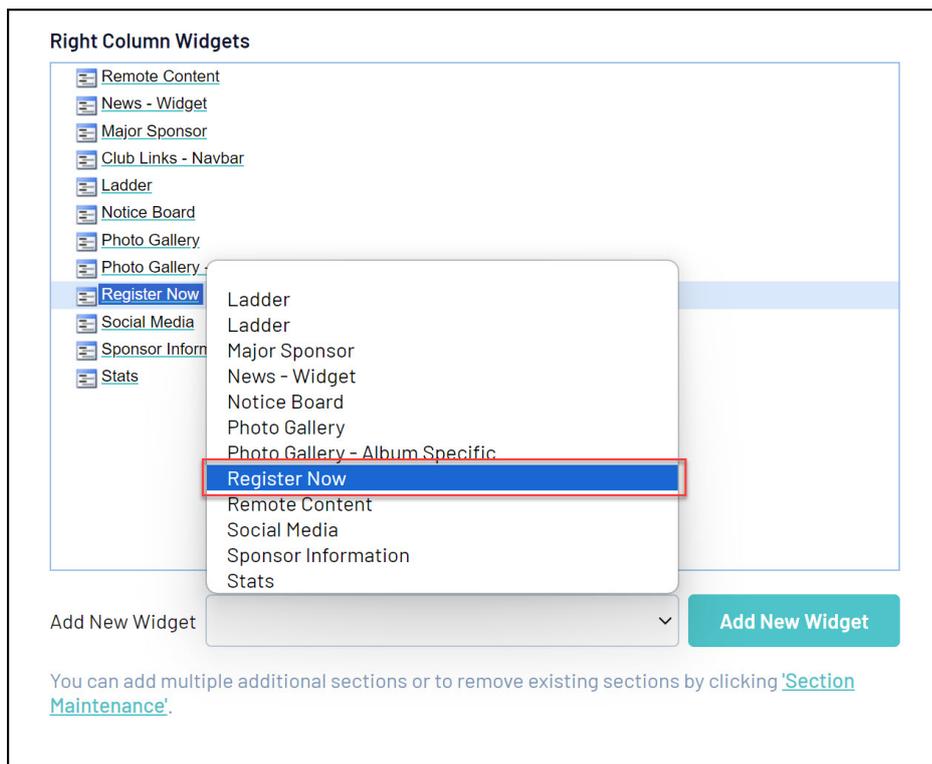

1. Scroll to the bottom of your website and click 'Site Editor'.

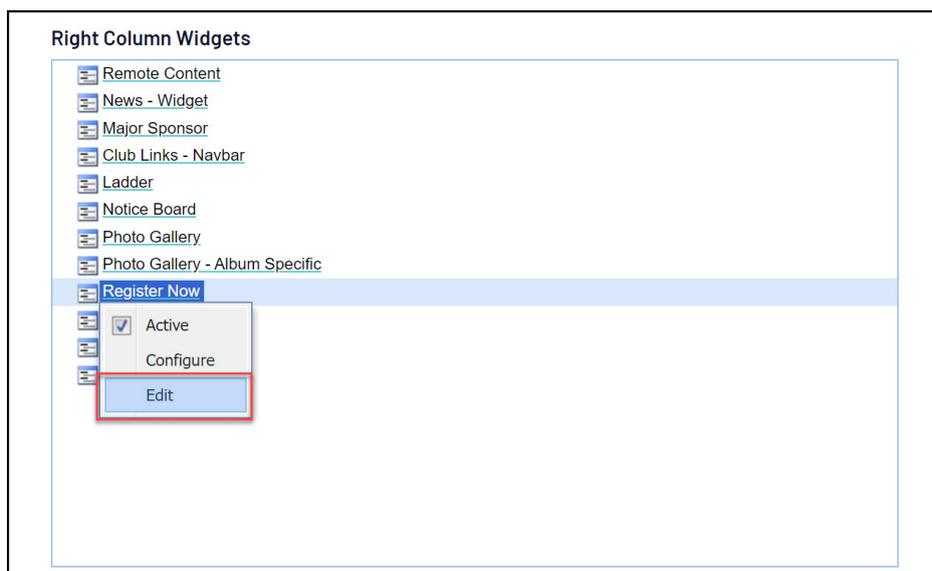

2. Click 'Widget Manager'.

3. Click on the box next to Add New Section and click 'Register Now'. Click 'Add New Section'.

4. Right click on the widget and click 'Edit'.

5. Add your Registration Form URL in to the mandatory box and click 'Save'.

Content of 'Register Now'

Add a new entry to 'Register Now'

Link Caption

Registrations are now open for the 2023-24 Season!

Form Number or National Registration Form URL (If you are using a National Registration Form please paste URL into box below and configure the widget for National Registration Form)

https://membership.mygameday.app/regofrm.cgi?formID=101187

You have 141 characters remaining.

[Click here to find out how to get the Form Number or National Registration Form URL](#)

Select Image

Insert File/Images from Media Library

or Upload Directly

Choose file No file chosen

Save

6. Ensure the widget is active by right clicking on the widget and clicking 'Active'.

To move your widget, click the name and drag it to where you would like it.
