

How do I apply Exception Dates to my Competition Fixture?

25/09/2025 3:52 pm AEST

Competition Exception Dates Exception Dates are dates where there is no competition games scheduled during the season. This may be for School Holidays, Public Holidays, Representative or Special Event games and the season skips over these dates and recommences on the next date in the sequence.

To add an exception date in:

1. Hover over Competitions and click on Competition Exception Dates

3. Click on the Add a Exception Date icon in the top right hand corner

4. Fill out all necessary information and click **Add Exception Date**.

Note: Click on **Click for more Competitions** if you'd like the exception to only be applied to specific competitions.

Exception Dates

Fill in an Exception Reason below then select which Dates and Competitions the Exception Dates are for.

Exception Reason:

It is also advisable to add in an Exception Reason so that you are able to keep track of what dates are marked for which reason. You can also choose which competition that this exception date applies to so that School Holidays that may only apply to Junior Competitions, don't apply to the Senior Competitions.
