

# How do I rebuild Ladder information in bulk?

14/10/2025 3:29 pm AEDT

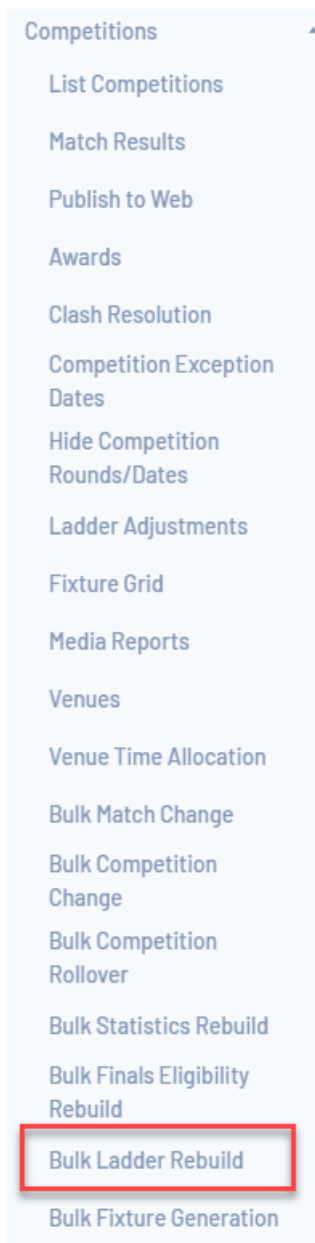

The Bulk Ladder Rebuild menu will give you the functionality to refresh the ladder data for the competitions in your database. This process will only need to be used if the ladder data in your database and the ladders displaying on your website aren't matching up, even after a Publish to Web. The Bulk Ladder Rebuild can be done by a Competition Season.

Processing a Publish to Web after completing a Bulk Ladder Rebuild should refresh and update the Ladder data on your website.

Firstly, login to your [Online Membership Database](#) - If you don't have your login details please contact your State Governing Body or Association.

The following can only be completed at association level.

1. Hover over Competitions and click

2. Select the season to bulk rebuild and click Continue.

A screenshot of a form titled 'Bulk Rebuild Ladders'. The form has a light blue background. It contains a label 'Select a Competition Season to bulk rebuild Ladders for' followed by a dropdown menu. The dropdown menu is open, showing '2021' as the selected option. Below the dropdown is a teal button labeled 'Continue'.

3. The below is an example showing that the competitions have been placed in the process log.

## Bulk Rebuild Ladders

The following competitions have been placed in the process log in order for the ladder to be rebuilt:

Seniors Division 1

Seniors Division 2

Under 18s Boys

Under 18s Girls

USAFL Pools Competition
