You'll notice now in your database when you click through to your Competitions page there is a 'Bulk Competition Change' link at the top of the page (as below). The basic premise for this functionality is that if, for example, you have 15 competitions that you wish to hide from your website or that you wish to update the website grouping for, you can now do it on bulk rather than individually!

To make changes to your competitions on bulk:

1. Hover over Competitions and click Bulk Competition Change.

The screenshot displays the SportsTG website's navigation menu. The 'Competitions' tab is active, and its dropdown menu is open. The 'Bulk Competition Change' option is highlighted with a red rectangular box. Other options in the menu include 'List Competitions', 'Match Results', 'Publish to Web', 'Awards', 'Clash Resolution', 'Competition Exception Dates', 'Hide Competition Rounds/Dates', 'Ladder Adjustments', 'Fixture Grid', 'Media Reports', 'Venues', 'Venue Time Allocation', 'Bulk Match Change', 'Bulk Competition Rollover', and 'Bulk Statistics Rebuild'. The background shows the 'Test SW Online' page with a 'SportingPulse' logo and a 'Contacts' section.

2. Select the Competition season(s) of the competitions you wish to change.

The screenshot shows a search interface with the following elements:

- Seasons:** A dropdown menu is open, showing options: --No Season--, 1995, 1996, 1997, 1998, 1999, 1999 Summer, 2000, 2001, and 2002.
