

Redraw via Fixture Equalisation

Last Modified on 16/11/2022 9:17 am AEDT

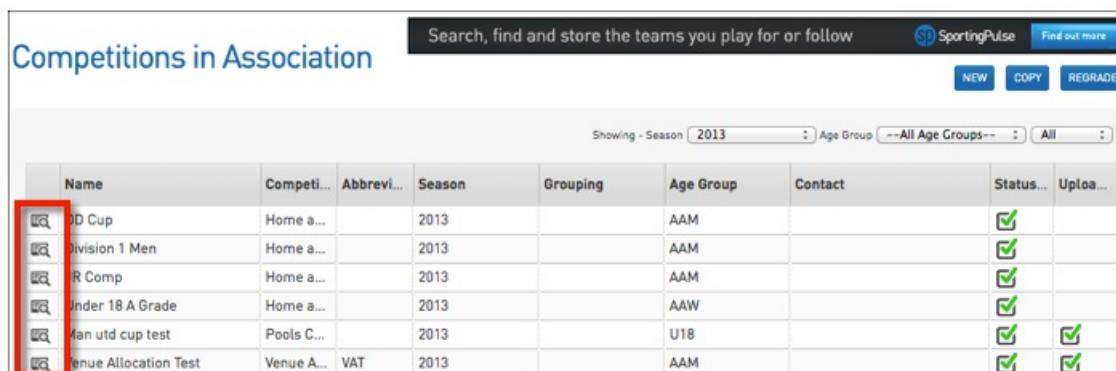

Creating fair fixtures is a constant priority and often a struggle for Administrators. GameDay have created a way to redraw fixtures in an attempt to help Administrators with this process. The redraw of a fixture generally takes place due to teams being removed and others entered in. The current redraw process would use the fixture template that is set in the Competition details. This may result in Teams playing each other too soon after previous matches or not playing a Team at all. Our new option to 'Redraw via Fixture Equalisation' does not use the Fixture Template, instead it takes into account previous games played between Teams in the Competition and creates the 'fairest fixture'.

Firstly, login to your [Online Membership Database](#) - If you don't have your login details please contact your State Governing Body or Association.

1. From the database Association level hover over the Competitions tab and then Click on List Competitions.

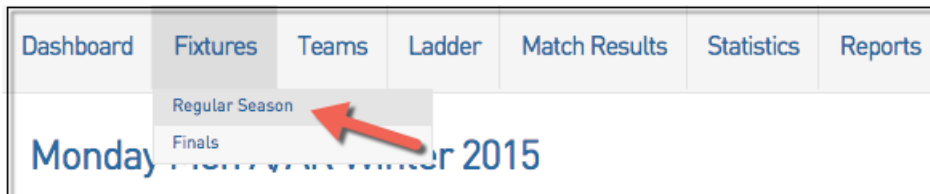

2. You will need to then click on the magnifying glass to the Left of the Competition that you want to redraw the fixture for.

The screenshot shows the 'Competitions in Association' table. The table has columns for Name, Competi..., Abbrevi..., Season, Grouping, Age Group, Contact, Status..., and Uploa... The table is filtered for Season 2013 and Age Group --All Age Groups--. The first six rows are highlighted, and the magnifying glass icons in the first column are highlighted in a red box.

Name	Competi...	Abbrevi...	Season	Grouping	Age Group	Contact	Status...	Uploa...
JD Cup	Home a...		2013		AAM		✓	
Division 1 Men	Home a...		2013		AAM		✓	
R Comp	Home a...		2013		AAM		✓	
Under 18 A Grade	Home a...		2013		AAW		✓	
Man utd cup test	Pools C...		2013		U18		✓	✓
Venue Allocation Test	Venue A...	VAT	2013		AAM		✓	✓

3. Once you are within the selected Competition hover over Fixtures and Click Regular Season.

4. The current redraw fixture option will use the current fixture template to draw teams against each other. This may result in teams playing each other soon after they previously had or not playing a team at all.

A screenshot of a fixture table with two options: 'Redraw via Fixture Equalisation' (highlighted in a red box) and 'Redraw via Fixture Templates'. Below the options is a table with columns: Home Team, Away Team, Venue. The table contains two rows of fixtures:

Home Team	Away Team	Venue
Looney Toons	Monstars	North Sydney Indoor Sports Centre Court 1
All Stars 12 G 2	Bye	0
Looney Toons	Monstars	North Sydney Indoor Sports Centre Court 1
All Stars 12 G 2	Bye	0

Red arrows point from the 'Redraw via Fixture Equalisation' option to the fixture rows.

The new option available is to choose Redraw via Fixture Equalisation. This option will then take into account previous games played by the teams and fixture future games in a way that is 'fair'.

A screenshot of a fixture table showing a different fixture arrangement compared to the previous table. The table has columns: Home Team, Away Team, Venue. The table contains two rows of fixtures:

Home Team	Away Team	Venue
Looney Toons	Monstars	North Sydney Indoor Sports Centre Court 1
All Stars 12 G 2	Bye	0
Monstars	All Stars 12 G 2	North Sydney Indoor Sports Centre Court 1
Bye	Looney Toons	0

Red arrows point to the new fixture rows.
