GAMEDAY
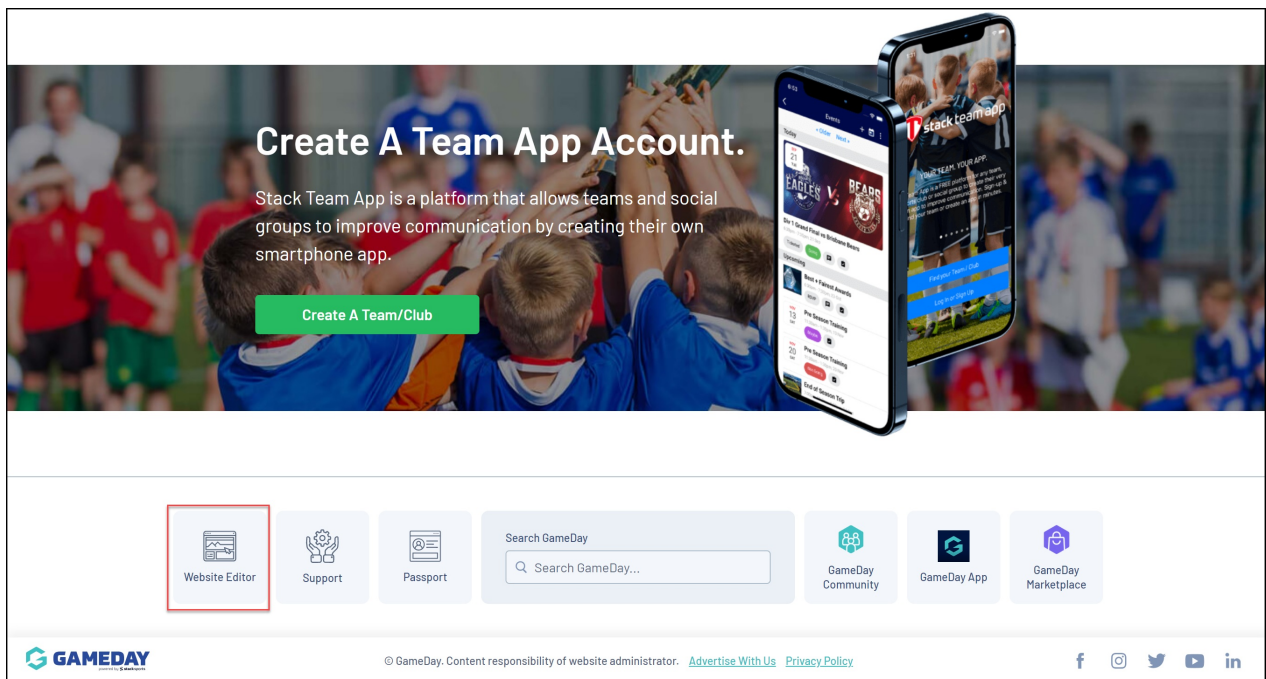

Widget Manager | Overview

Last Modified on 07/12/2023 2:24 pm AEDT

The Widget Manager section is used to activate and modify your widgets. A widget is an application, or a component of an interface, that enables a user to perform a function or access a service.

To access the Widget Manager:

1. Scroll to the bottom of your website and click **WEBSITE EDITOR**

2. In the **Manage Content** section, click **WIDGET MANAGER**

Website Editor Control Panel

Manage Content

Content Manager
Use this section to activate sections and to modify articles etc.

Widget Manager
Use this section to activate to modify your widgets

Media Library
Use this section to add and remove files and images from your website.

Trophy Room
Awards, Honour Board, Photo Gallery.

NOTE: Once you have added/edited all relevant widgets make sure you right-click each widget and tick the ACTIVE checkbox to make sure they appear on your website.

If you aren't able to access the website editor function for your Club website (either the previous editor is no longer at the Club, or the site hasn't had an editor before), then please click here. Alternatively , if your website already has a website editor, this person can authorise you as an additional website editor themselves. If you are a club, you must contact your Association for access.

Below are detailed examples of how to edit content within Widget Manager:

Firstly, scroll down to the bottom of your website and click 'Site Editor'. You will then be shown the Website Editor Control Panel.

Remote Content

This function displays news content from an external website in the right hand column of your website. There are a wide range of remote news sources to choose from.

To add a Remote Content news feed widget to your website:

1. Click on the Add New Widget drop down list, select Remote Content, and click on Add New Section.

2. Right-click on the Remote Content section and select Edit from the menu.

Widget Manager

Back to Control Panel >

The Widget Manager allows you to place widgets into the right-hand column of your website (e.g. ladders, news, remote content, sponsor information etc.)

Save / Update

You can add new widgets by selecting them from the drop-down list below, then you can drag widgets up and down to reorder them in the list. Double Click to edit a widget, or right click for other options.

Click the 'Save/Update' button to save your changes.

4. The Search/Browse window will appear. This enables you to either (a) hit the Browse button to view all news feeds available or (b) enter a search term (eg. type in 'AFL' to search for all news

feeds with 'AFL' in the title) and click on Search.

- If you have submitted a search, it will return all results for that search.
- If you click on View All Feeds, it will show a list of all Remote News Feed sources. Scroll through the list to find the news feed you wish to use.

Click the name of the remote news feed to select it.

5. A confirmation screen will appear with the remote news feed you have chosen. Enter the maximum number of articles to display in the right hand column (compulsory) and click on Save.
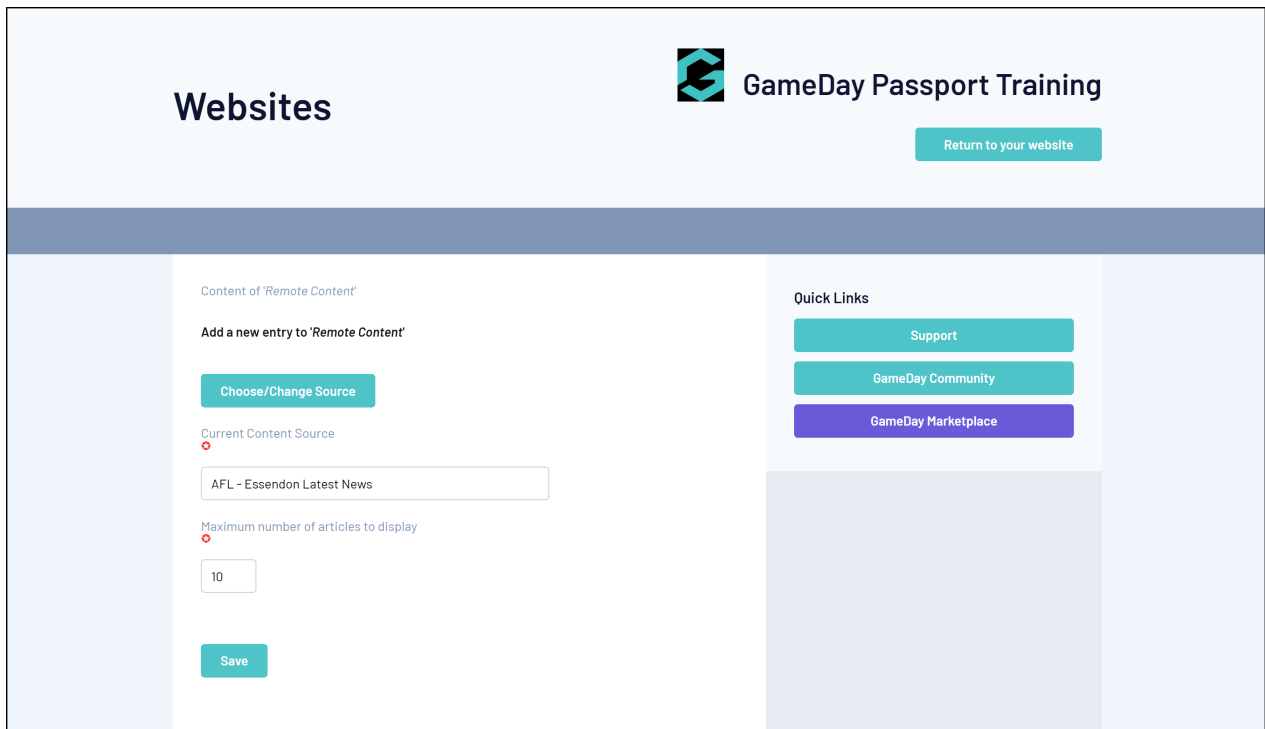

You can return to the Remote News Feed at any time and change the news source by clicking on the Choose/Change Source button.

Your Remove Content feed with then display on the right-hand side of any widget-supported pages
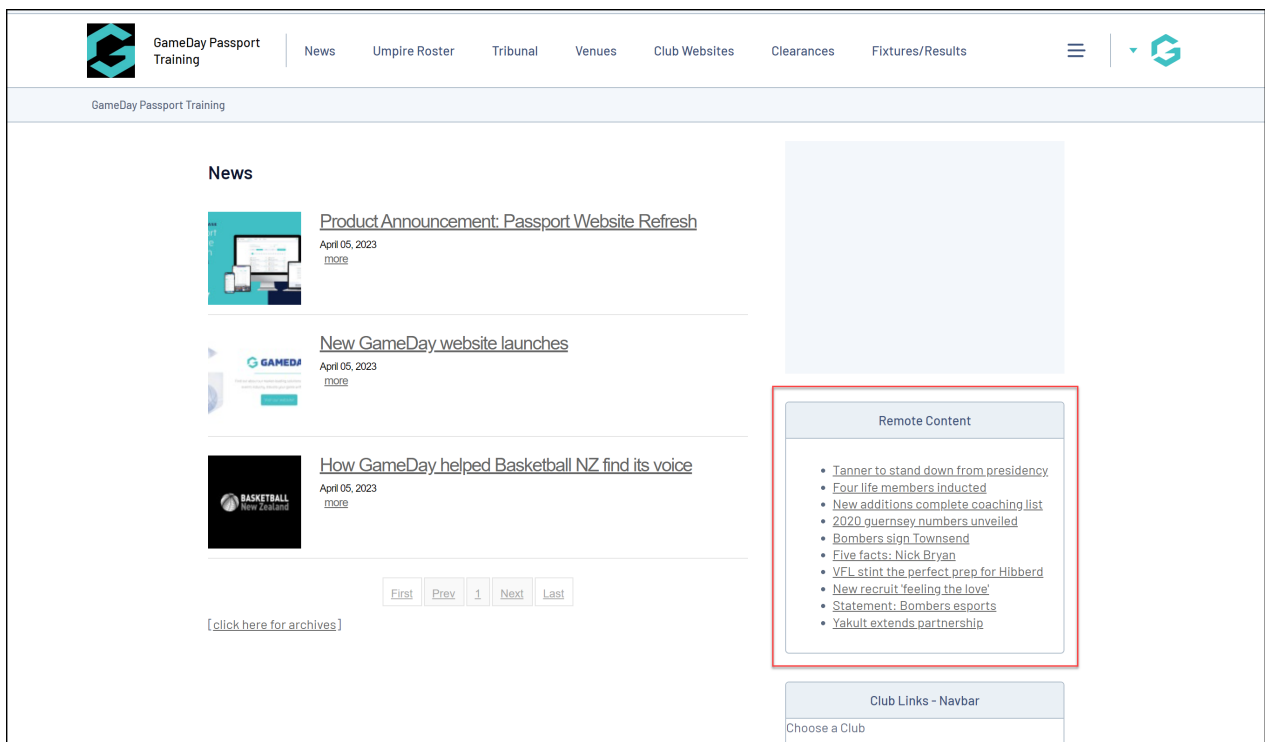

News

A news feed from your website's news section can be shown on the right side of the page. This is different from a Remote Content news feed, which brings in news from an external website.

To add a News widget from the Widget Manager:

1. Click **Add A New Widget**, then select **NEWS - WIDGET**

2. Right-click on the News - Widget option and select **EDIT**

3. There are two options on the Edit screen – (1) select the News section to feed from, and (2) set the maximum number of articles to display. Set your preferences and click **SAVE**

4. Return to the **Widget Manager**, then right-click on the **News - Widget** section and this time select **CONFIGURE** from the menu.

5. There are two options for how the News Feed appears in the right-hand column widget – (1) select between showing news headlines or photos, and (2) whether to show the section name (eg. Latest News) as the title for the news feed. Make these selections, the click **SAVE**

Your News widget will then display on the right-hand side of widget-supported pages:

Major Sponsor

This widget (as distinct from the Sponsor Information widget) can display information about your major sponsor, including their logo, title and description, and links to their websites.

To set up your Major Sponsor widget from the Widget Manager:

1. Click **Add New Widget**, then select **MAJOR SPONSOR**

Widget Manager

The Widget Manager allows you to place widgets into the right-hand column of your website (e.g. ladders, news, remote content, sponsor information etc.)

You can add new widgets by selecting them from the drop-down list below, then you can drag widgets up and down to reorder them in the list. Double Click to edit a widget, or right click for other options.

Click the 'Save/Update' button to save your changes.

Sponsor Information

This section (as opposed to the Major Sponsor widget) can display your sponsor logos (and links to their websites) in the right hand column of your site. The 'Sponsor Information' section is best utilised by setting it to 'rotate' mode. This will increase the size of the sponsor images to 200 x 200 pixels (compared to 100 x 100 pixels when set to display as a 'list').

To set up sponsor logos in your right hand column:

1. From the Website Editor Control Panel, click on Widget Manager.

2. If you do not already have a 'Sponsor Information' section on your website, select 'Sponsor Information' from the 'Add New Widget' drop down list and click on Add New Section.

Adding/Editing Sponsor Information in your Widget

To add your sponsor's information (including a logo) into the widget:

1. Right click on the 'Sponsor Information' widget and click 'Edit'

2. Enter in your Sponsor's information as you need. You can include the Sponsor Name, a Caption, a URL link to their website and a logo or image file (either from your media library or directly from your computer hard drive).

3. Click 'Save' to update your widget

To Add/Edit/Delete any sponsor information you have entered in to your widget, click on the appropriate button at the top of the widget.

NOTE: This widget is not linked to the Sponsor Information section (in the Content Manager) or Major Sponsor widget in any way; these are separate sections that need to be maintained separately.

Club Links/Logos

Associations that use GameDay Passport to upload their competitions to their website will now see an additional section in the Widget Manager called 'Club Links'. This provides quick access to any club website.

By adding club logos, they will also appear on the Club Websites page:

To set up a club/links logo section in your right hand column:

1. The Club Links section should appear in your right hand column. To confirm this, click on Widget Manager from the Site Administration Control Panel - there should be a page titled 'Club Links'.

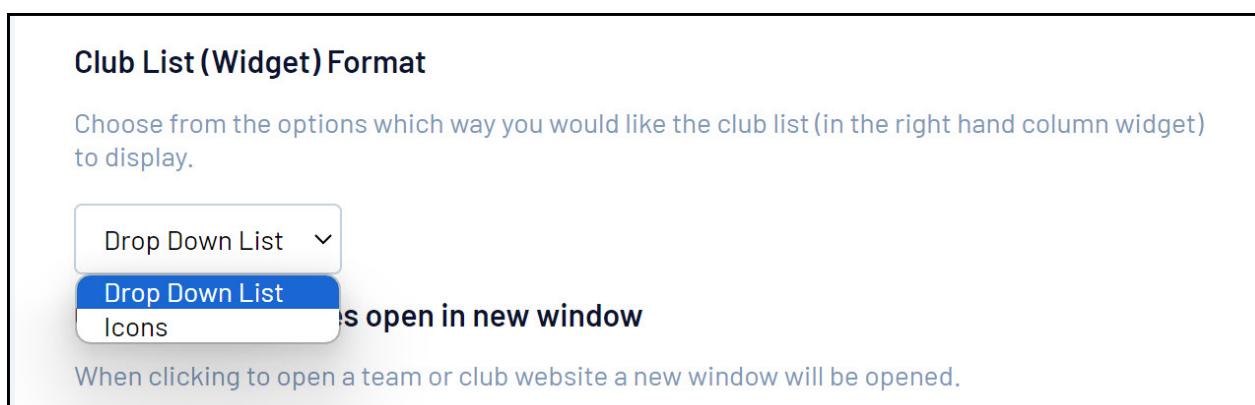

2. To set whether your Club Links display as a list or logos you need to return to the Site Admin Control Panel and click on Other Configuration
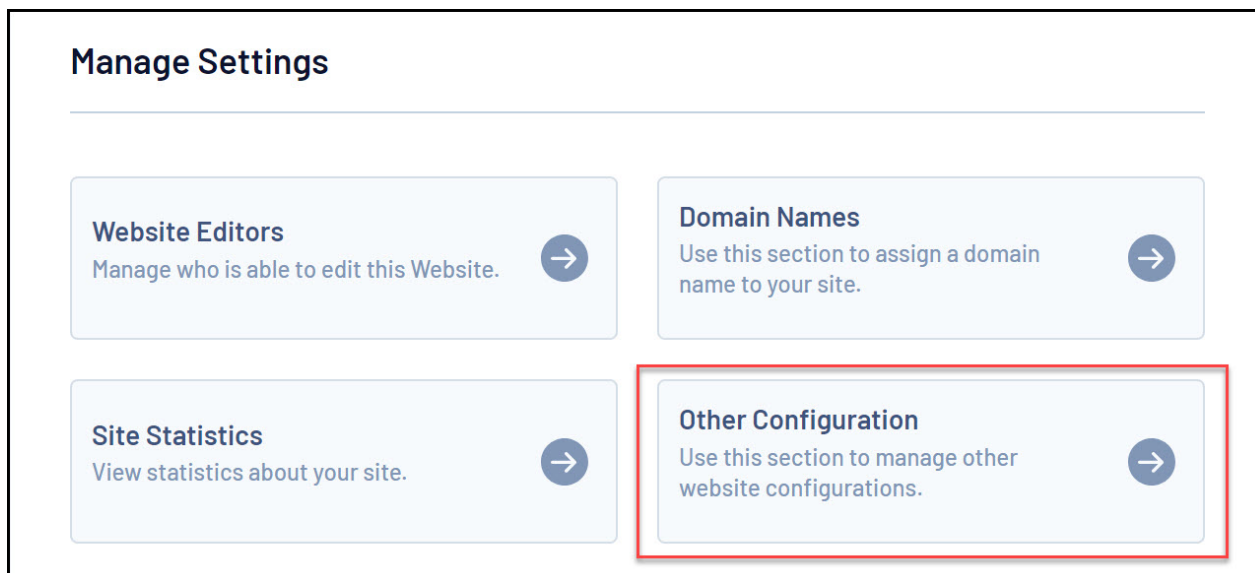

3. Under 'Club List (Widget) format' – and select from 'Drop Down List' or 'Icons'*.

4. Click on Save Options.

5. Return to the Widget Manager, right click on the 'Club Links' section and tick the Active box to activate it. * If you select the 'Icons' option, each club will need to have its logo uploaded to its club website. If your clubs have not done this themselves (or don't use their club website), association website editors are able to log into the admin area of their club's websites and upload club logos themselves.
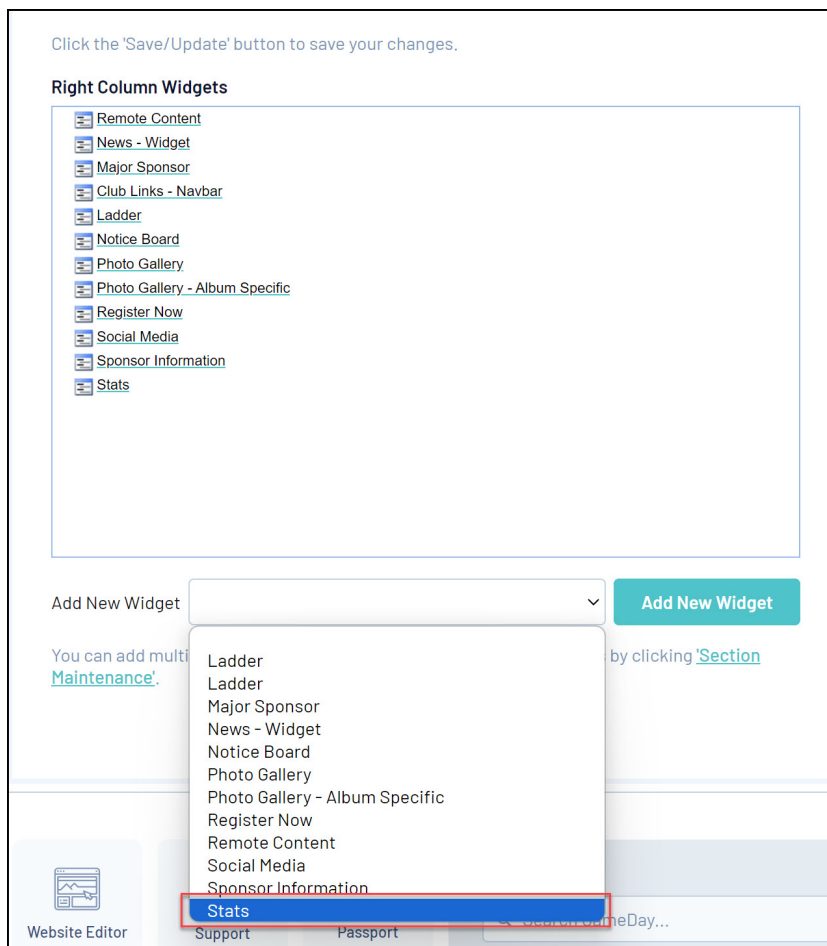

Go to top

Stats

Please note at this stage this feature is only available in AFL, Basketball and Football (Soccer) websites.

Competition stats and ladders have always been an extremely popular part of the Gameday offering. This widget will show the top five in a stats category for your chosen competition and will appear in your website's right hand column, along with the rest of the widgets we provide.

2. Under Add New Widget, select "Stats" then click the Add New Widget button.

3. Click "Edit" (you will need to click "Active" when you want it to appear to the public).

4. Choose your competition press "Save".

You will see your stats widget appear in the right hand column of your website!
