

## Website Editor | Overview

Last Modified on 24/10/2023 11:10 am AEDT

Firstly, scroll down to the bottom of your website and click 'Site Editor'. You will then be shown the Website Editor Control Panel.

If you aren't able to access the website editor function for your Club website (either the previous editor is no longer at the Club, or the site hasn't had an editor before), then please [click here](#). Alternatively, if your website already has a website editor, this person can authorise you as an additional website editor themselves. If you are a club, you must contact your Association for access.

The Website Editor Control Panel is the central menu of the website administration area. Each of the website's management functions are organised into logical modules. A description of that module's function appears underneath each heading.

To access the Website Editor, scroll down to the bottom of your website and click **WEBSITE EDITOR**

**Create A Team App Account.**

Stack Team App is a platform that allows teams and social groups to improve communication by creating their own smartphone app.

## Widget Manager

[Back to Control Panel >](#)

The Widget Manager allows you to place widgets into the right-hand column of your website (e.g. ladders, news, remote content, sponsor information etc.)

[Save / Update](#)

You can add new widgets by selecting them from the drop-down list below, then you can drag widgets up and down to reorder them in the list. Double Click to edit a widget, or right click for other options.

Click the 'Save/Update' button to save your changes.

### Right Column Widgets

- Remote Content
- News - Widget
- Major Sponsor
- Club Links - Navbar
- Ladder
- Notice Board
- Photo Gallery
