

Website - Add Club/Association Logo to your Website

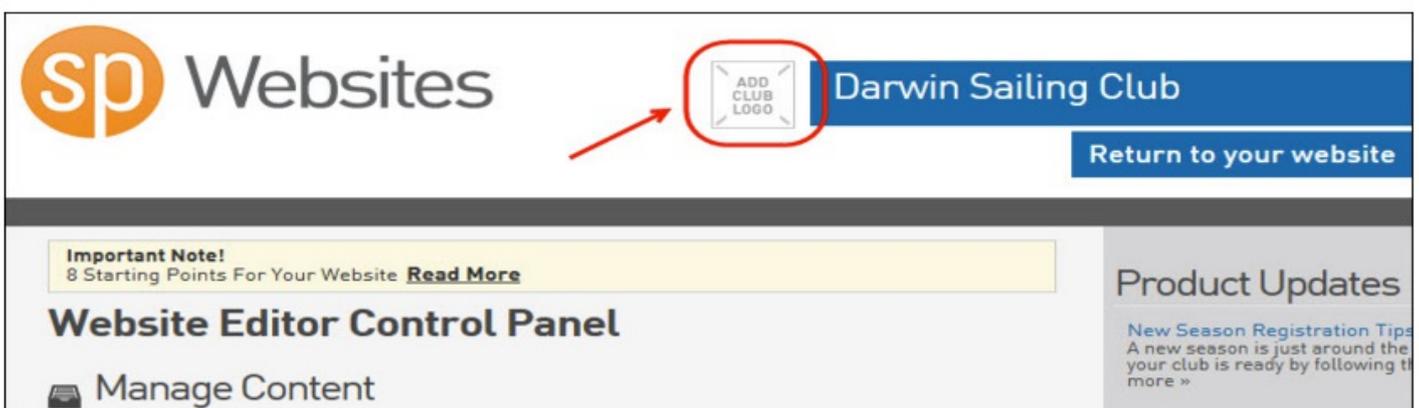

Last Modified on 16/06/2016 3:13 pm AEST

1. Go to your Club website (if you can't find it, it should be located on a 'Club Websites' list page on your Association/League website)
2. Click 'Site Editor' at the bottom of your Club site and sign in to your Website using Passport

3. Click on the 'Add Club Logo' link at the top of the page

4. Find the file either on your computer or in your Media Library and click 'Update' to save the logo.

Choose a Logo

To can either upload a new logo or choose an image you have already uploaded from your Media Library. Once you have chosen, click the 'Update' button to save.

or Upload Directly

os\DarwinSailingClub.jpg

NOTE: The logo will appear in the left-hand side of your site header, but will only be visible if you have selected a header for your site that allows space for a logo to be displayed. To amend your header settings, go to Display -> Page Headers from the Site Administration Control Panel.

5. A message will display that the logo has been updated and the logo will show as 'Existing Logo'.

Logo Updated

Choose a Logo

To can either upload a new logo or choose an image you have already uploaded from your Media Library. Once you have chosen, click the 'Update' button to save.

Existing Logo

or Upload Directly

NOTE: The logo will appear in the left-hand side of your site header, but will only be visible if you have selected a header for your site that allows space for a logo to be displayed. To amend your header settings, go to Display -> Page Headers from the Site Administration Control Panel.

Depending on the Page Header / Banner you choose for your Website, the Logo will display in the top left of your Website.
