

Website - Calendar Widget (Yachting Events)

Last Modified on 16/06/2016 2:48 pm AEST

A Widget has been developed for the imported Yachting Calendar so it will display a list of Current or Future events from your Yachting Calendar. This will allow events to be displayed on each page of your website providing more visibility and awareness for the events at your Organisation. The Yachting Events widget can be activated via the Widget Manager and can display Current and Future Events from your Yachting Calendar.

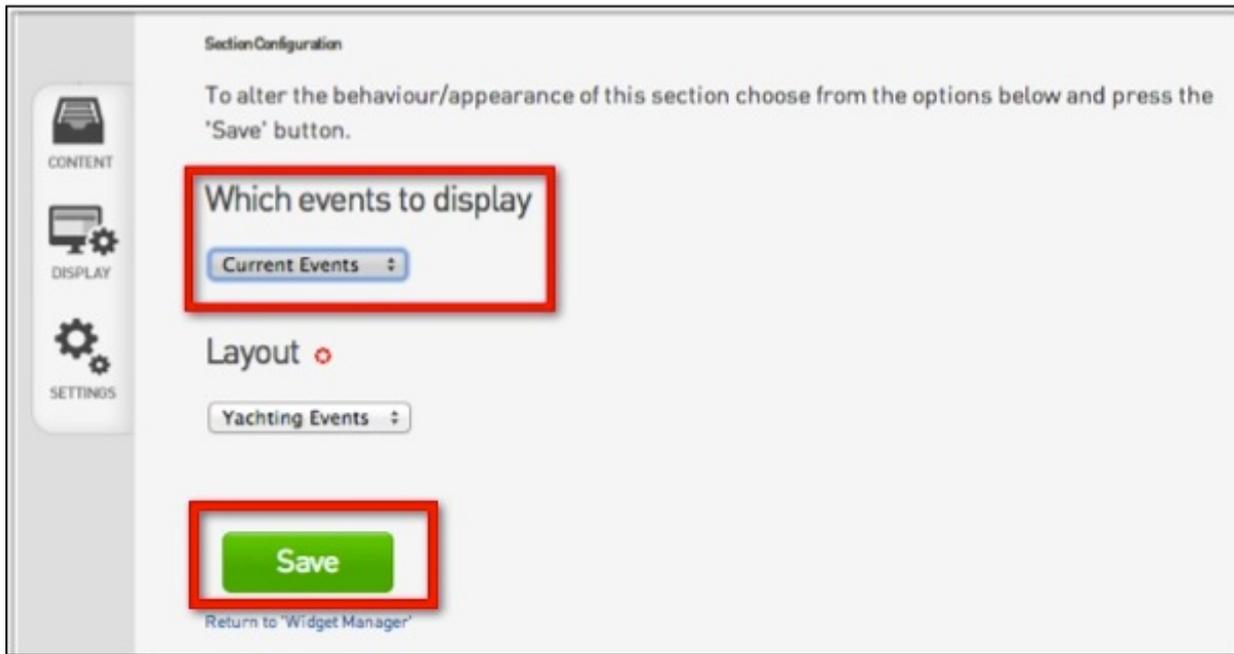

See below steps to Activate this Widget:

1. Select the Yachting Events Widget from the "Add New Widget" drop-down list in the Widget Manager
2. Click on Add New Section
3. Right-Click on the Yachting Events Widget and click on Configure

The screenshot displays the 'Widget Manager' interface. On the left, a list of widgets is shown, including 'Poll', 'Remote Content - Fox Sports', 'Notice Board - YA RSS Feed', 'Notice Board - Tackers Test', 'Social Media', 'YouTube', and 'Yachting Events - Current Events'. The 'Yachting Events - Current Events' widget is highlighted with a red box. Below the list, a configuration panel for this widget is visible, showing a checked 'Active' checkbox and a 'Configure' button, both also highlighted with a red box. At the bottom of the interface, there is a section with an 'Add New Widget' dropdown menu set to 'Yachting Events' and a green 'Add New Section' button, both highlighted with a red box. Below this section, a note reads: 'You can add multiple additional sections or to remove existing sections by clicking 'Section Maintenance'.'

4. Select which Events to display from (Current Events, Future Events, State Events or National Events)

5. Click on Save then "Return to Widget Manager"

6. Right-Click on the Yachting Events Widget and click on Active to make the Widget Active on your Website
