

## How do I update my account email through my Member Profile?

Last Modified on 11/02/2025 7:53 am AEDT

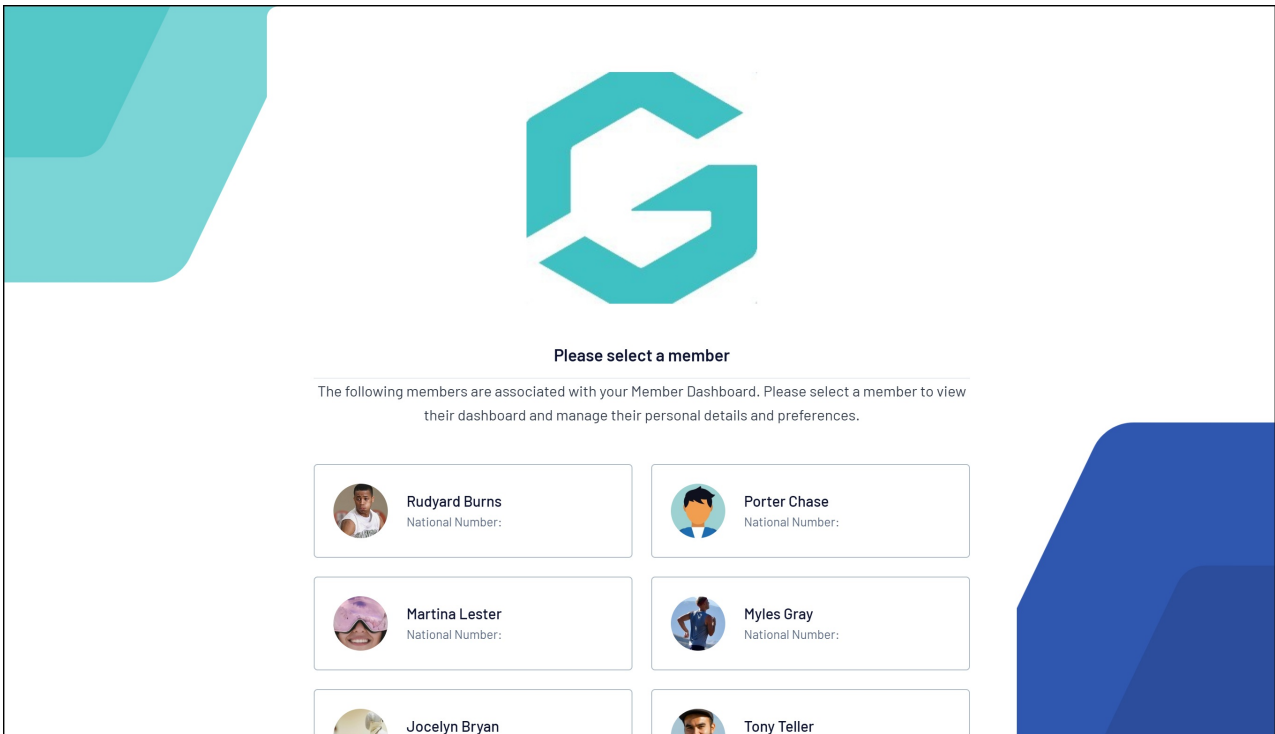

Members are able to update their account email address through their **Member Profile** following the steps below:

**Note:** Changing the account email of a member means that the new email will be used to login to registration forms and member profile, and will become the new destination for system messages such as password resets.

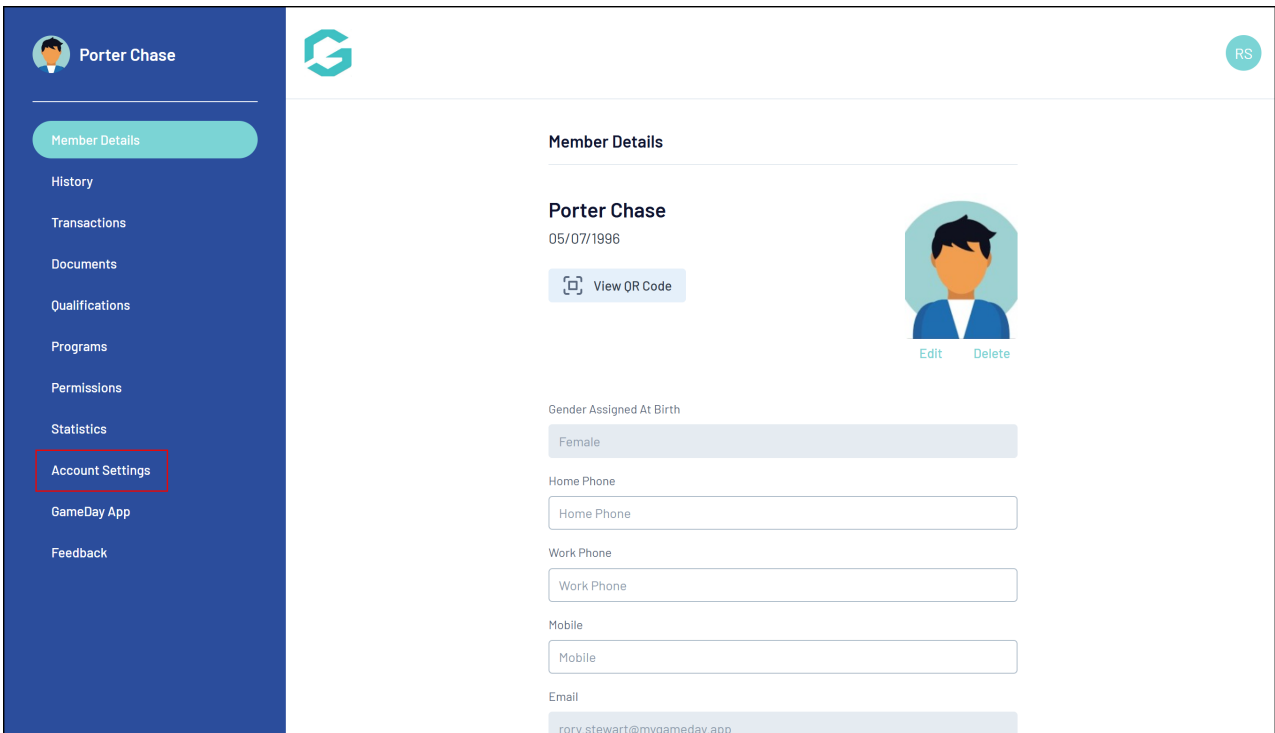

1. Log in to your Member Profile using the email address and password you used when registering to your relevant organisation. If you do not have the link to your member profile, see the article [here](#) to find the relevant member profile for your sport.

A screenshot of the GAMEDAY login page. At the top center is the GAMEDAY logo. Below it is the heading 'Login to Member Profile'. The form contains an 'Email' section with a text input field labeled 'Email Address'. Below that is a 'Password' section with a text input field labeled 'Password' and a 'SHOW' button to its right. A blue link labeled 'Forgot?' is positioned below the password field. At the bottom of the form is a teal 'Login' button. Below the button, a small line of text reads: 'By clicking Login, you agree to the GameDay [Privacy Policy](#)'.

2. Select the relevant member from the list

3. Click **ACCOUNT SETTINGS** on the left hand menu

4. Enter your new email address and click **UPDATE**
