Step 1 - Getting Started

Firstly, login to your [Online Membership Database](#) - If you don't have your login details please contact your State Governing Body or Association.

Step 2 - SportsTG Competitions Welcome Page

Once logged into the SportsTG system, click 'Team Entry' to confirm existing team entries or to enter new teams into 2015 competition.

Team Entry - Initial Information

Mandatory Fields

All fields are mandatory and require a selection to be made. A successful team entry cannot be made without completing all of the fields. The more accurate the information that is provided at the time of submission, the smoother the process will be for creating your club's 2015 fixtures.

Preferred Venues

Following the facility audit conducted across the 2015 pre-season, pitch information is as comprehensive as it has ever been. Each individual pitch (senior, junior or MiniRoos) across all venues, has been entered into the SportsTG system. Please select the most appropriate pitch for each team at the club.

Editing a Submission

Once a team entry has been submitted the club will have the ability to edit the submission before the closure of the online team entry period on Friday March 21.

Step 3 - Confirming Existing Teams
