The following is an overview, containing the steps required to create a new competition, containing links to more detailed articles.

1. Register a GameDay Passport account - [Signup](#).
2. Log in to Passport - [Login](#).
3. Get authorisation to access your database by contacting your Association/League or State Body directly. See our [Manage User Access](#) article for further information.
4. Ensure you have read and completed the [Pre-Competition Setup](#).
6. [Create a new competition](#).
7. [Create teams](#), for some sports you can also have your teams [Register directly to a Competition](#).

**Note:** If you are rolling over a new season, it is recommended that you use existing teams instead of creating new teams using [this process](#)

8. [Generate your fixture](#).
  9. Use the [fixture grid](#) to manage your fixtures.
  10. [Resolve any clashes](#) in your fixtures.
  11. [Enter results](#).
  12. [Publish fixtures, results and stats to the web](#).
