

Live Scoring | Overview

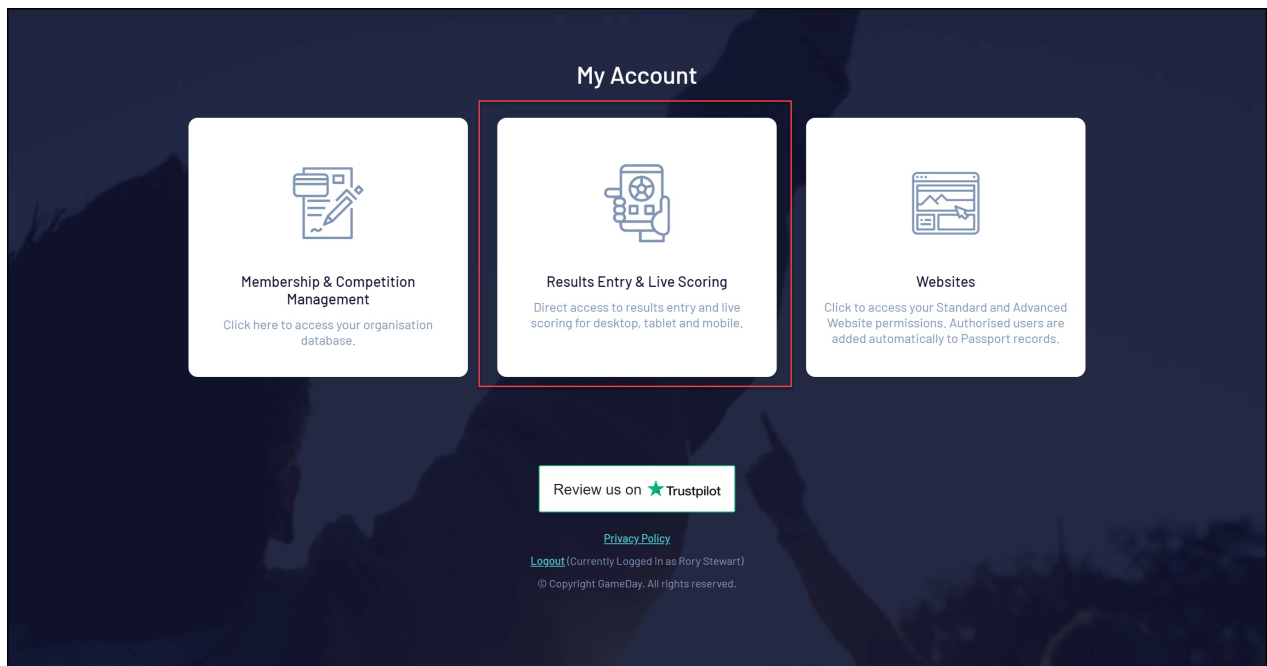

Last Modified on 10/08/2023 3:33 pm AEST

Live Scoring is an online tool that allows administrators to record scores in real-time while at the game via their mobile phone or tablet. It allows live scores to be published on your GameDay Passport website, including play-by-play scores and statistics for each team and player.

Note: Live Scoring is not available to all sports - please contact your national governing body or submit a request [here](#) if you would like to explore live scoring for your sport.

To enter results using Live Scoring:

1. Login to your Passport account and select **RESULTS ENTRY & LIVE SCORING**

2. Find the match you want to enter results for, then click **AT GAME**

Game Actions

Time	Action	Wolves	Sharks
------	--------	--------	--------

1. **Game Clock:** Clock indicating how much time has elapsed in the period.

2. **Game Actions:** A log of each player or team action logged in the match.

3. **Start/End Period:** Starts and ends each period as needed.
4. **Team Scores:** Total cumulative score for the match. Automatically updates when a team scoring action is entered (I.e. Goal/Behind).
5. **Add Player Action:** Allows you to add actions from the Player Match Stats Template to individual players.
6. **Start Game Clock:** Triggers the Game Clock to begin.
7. **Add Team Scores:** Allows you to add any team scores which automatically contribute to the overall score.
8. **Player List:** A list of players that have been selected for the match. Player Actions can also be entered here for each individual.

Note: To ensure your Live Scoring interface is set up with the most relevant statistics and scoring options, please ensure you have created and assigned your [Team Match Statistics](#) and [Player Match Statistics](#) templates to this competition.
