

How do I find a Setup Key for the Courtside App?

Last Modified on 21/06/2024 9:47 am AEST

Courtside requires that you have a GameDay Passport database with a Setup Key and Venue ID, is this determines which court is being used, and which players, statistics and results are available to be used in Courtside.

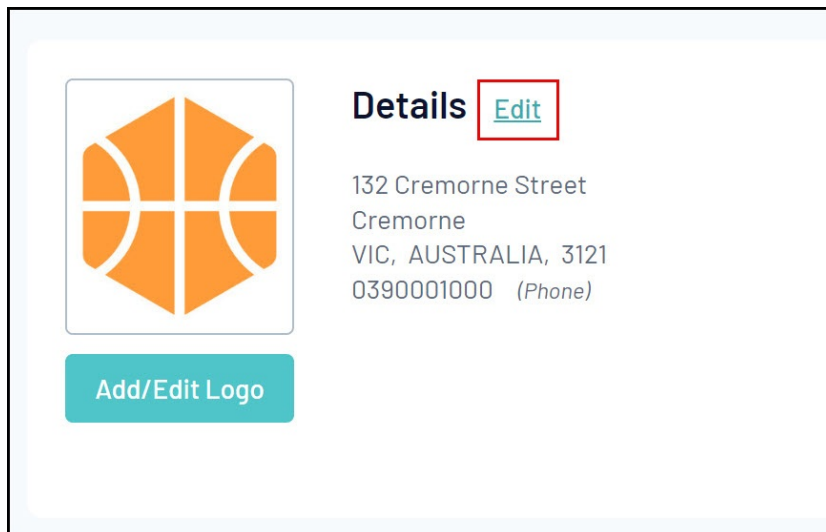

If you are unsure whether your sport uses GameDay Passport for managing competitions, please contact your state or national governing body, or if you are interested in learning more about GameDay Passport for your competitions, [contact us here](#)

When you open Courtside, you will need to enter a **Court ID** and **Setup ID**

A screenshot of the Courtside app login screen. At the top is an orange basketball icon. Below it is the text 'courtside' in a bold, blue, sans-serif font, followed by the GAMEDAY logo (teal hexagon with white 'G' and the word 'GAMEDAY' in blue). The main heading is 'Enter Court ID & Setup ID'. There are two input fields: the first is labeled 'Court ID' and contains the text 'Court ID'; the second is labeled 'Setup ID' and contains the text 'Setup ID'. At the bottom, there are two buttons: a white 'Cancel' button and a teal 'Submit' button. Below the buttons is a link for 'Privacy Policy' in teal text.

Your **Setup Key** can be found in your GameDay Passport database by following the steps below:

Login to your Association's GameDay Passport database, then click **EDIT** on the dashboard **Details** section

Scroll down to the **COURTSIDE SETUP KEY** field
