Members are able to hide their information from public view through their Member Profile, which will remove any information relevant to that member from Passport Websites and GameDay app.

To remove your information from public view, follow these simple steps:

1. Log in to your Member Profile using the email address and password you used when registering to your relevant organisation. If you do not have the link to your member profile, see the article [here](#) to find the relevant member profile for your sport.

A screenshot of the GameDay login page. The page features the GameDay logo at the top center. Below the logo is the heading 'Login to Member Profile'. There are two input fields: 'Email Address' and 'Password'. The 'Password' field has a 'SHOW' button to its right. Below the password field is a link for 'Forgot?'. At the bottom of the form is a teal 'Login' button. Below the button is a small line of text: 'By clicking Login, you agree to the GameDay [Privacy Policy](#)'. The page has a white background with teal and blue decorative shapes on the left and right sides.

2. Select the relevant member from the list
