How do I view my playing statistics through my Member Profile?

Last Modified on 11/02/2025 7:50 am AEDT

Overview

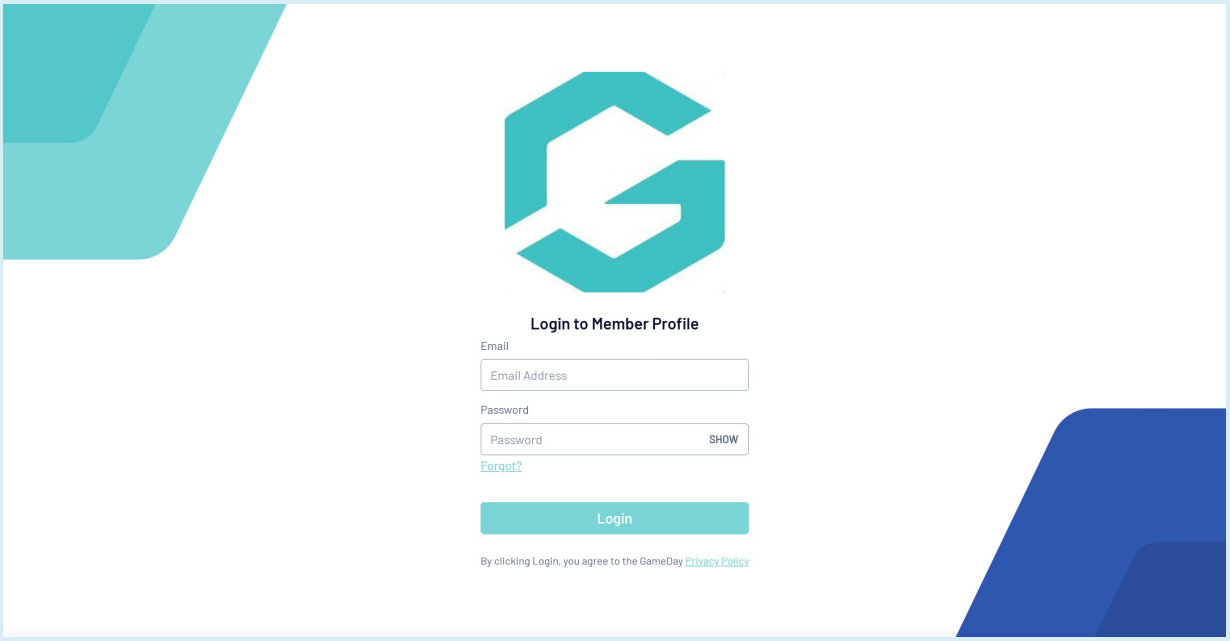

As a player or participant that has signed up through Passport, you can check your playing statistics using your sport's unique **Member Profile** portal**.**

For assistance in finding and logging into your Member Profile, click here

Step-by-Step

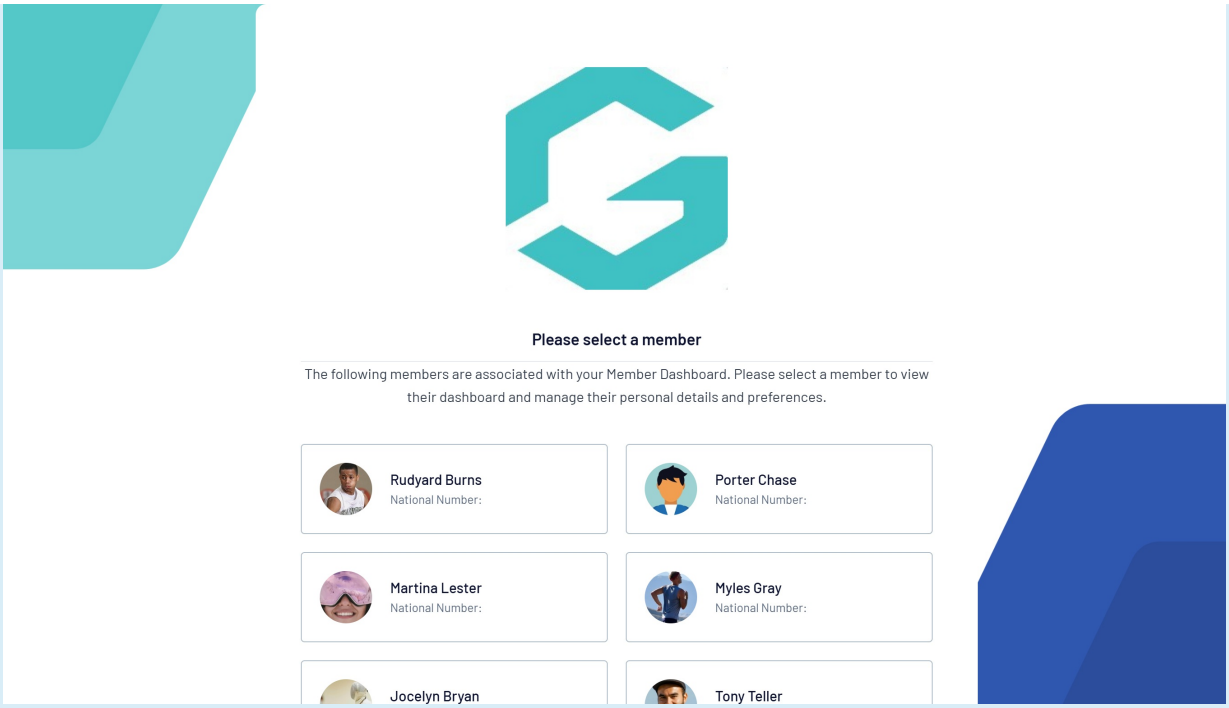

Step 1: Login to your Member Profile portal

Use your Passport email address and password to login to your Member Profile. These should be the same credentials as you used to complete your registration

Step 2: Select your Member

If your email address is linked to multiple Members, you will be given the option to choose which member dashboard you would like to access. If you have only one member assigned to your profile you will be immediately directed to the profile as per Step 3

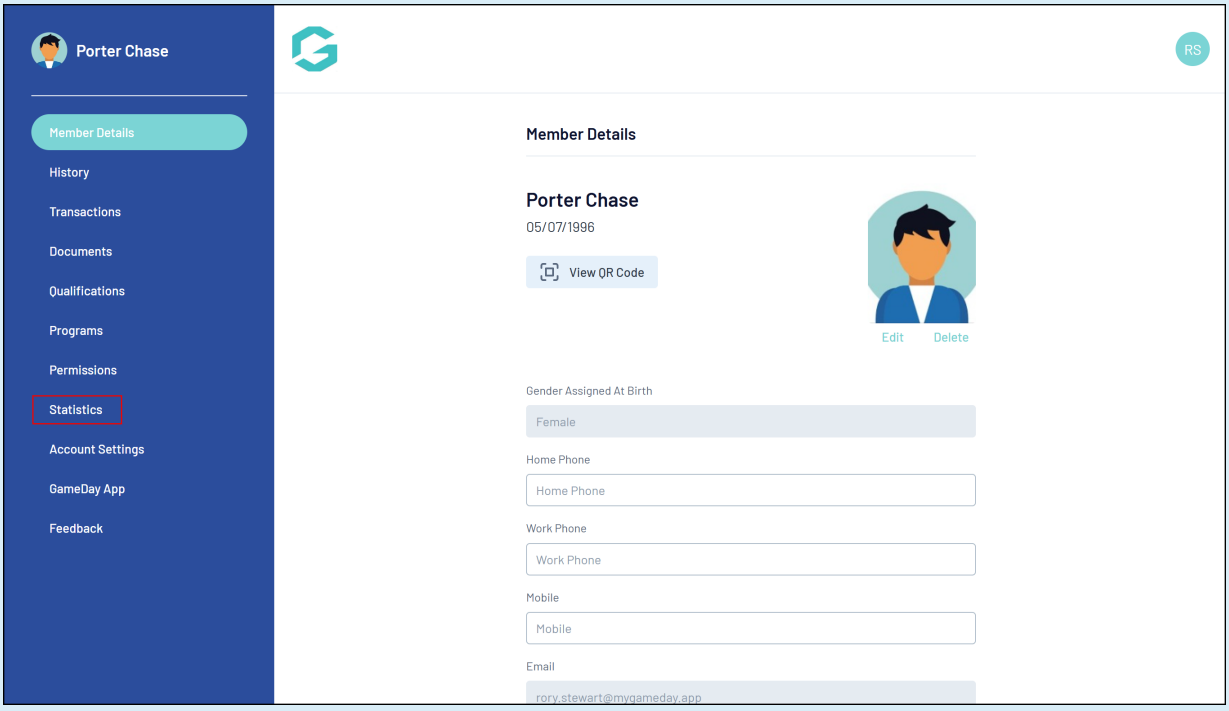

Step 3: Open your Statistics page

Click the **STATISTICS** option in the left-hand menu

Here you will see a list of any playing statistics that have been recorded through matches that you've participated in

> **Note**: If you believe your statistics are incorrect, please contact your Association or Club directly, as they are responsible for entering and validating statistics.
