

## System Enhancements: 03/07/2019

Last Modified on 03/07/2019 10:36 am AEST

This week we are introducing two additional enhancements to the system.

### Admin - Hide from public display

Club and League administrators can now mark members to be hidden from public SportsTG websites. The 'hide from public display' field will be available to be set through the members' dashboard in the 'other details' section.

The screenshot shows the SportsTG member dashboard for a user named 'Test Test'. The dashboard has a top navigation bar with a home icon, 'LEVEL SELECTION', the user name 'Test Test', a 'MEMBER' dropdown, and a settings gear icon. Below this is a horizontal menu with tabs: Dashboard, Types, Coach Accreditations, Transactions, Tags, Tribunal, Transfers, Member History, Statistics, Preferences, and a settings gear icon. The main content area is titled 'Test Test' and includes a message: 'If you are having trouble saving this, please check you have all elements in other pages completed. To easily do this use the "Show All" tab at the far right.' Below the message is a row of tabs: Footyweb Summary, Personal Details, Contact Details, Parent/Guardian, Other Details (selected), Unlimited Custom Fields, and Show All. On the left side of the 'Other Details' section is a profile picture placeholder with buttons for 'ADD/EDIT PHOTO', 'Documents', and 'ADD DOCUMENT'. To the right of the profile picture is a note: 'To modify, change the details in the boxes below. When you have finished, press the "Update Member" button. Note: All boxes marked with a red circle must be filled in.' Below this note is the 'Other Details' section. It contains two fields: 'Country of Birth' with a dropdown menu set to 'AUSTRALIA' and a red circle icon, and 'Photo Use Approval' with a dropdown menu set to 'No'. At the bottom of the 'Other Details' section is a checkbox labeled 'Hide From Public Display'. The checkbox is currently unchecked, and the text next to it reads: '(Note: This is not immediate and will rely on the association to next publish their changes. People may also be hidden by other means set by the association)'. This entire section is highlighted with a red rectangular box.

Like other fields, it will be controlled through the field configuration area the national body can set which levels below them can edit this field.

Save Options

Please note that this can also be set by the member through the Member Profile Page ([click here to see how to do this](#) )

## 2. Quick links in reporting

In advanced member, advanced transfers, advanced tribunal and player competition stats reports we have added a field called 'Quick Link' in the 'Personal' category. You will be able to include this field into the report that you are building and when the report is run it produces a hyperlink to the members' record. The field is only available at club and assoc level and it will cause a slightly slower run time. The hyperlink will expire after around 30 minutes and people need access to the database to open the links if the report is exported.

ADVANCED SEARCH

[< Return to Report Manager](#)

Choose a field from the left column and drag it into the Selected Fields box (the box will expand to fit your fields).

Different types of fields are available from different field groupings. Click the heading to open the group.

Click the 'Run Report' button to execute the report.
