How do I select players for a Match (Desktop)?

Last Modified on 17/11/2023 12:42 pm AEDT

Using GameDay Passport's Match Results feature, competition administrators are able to select players for a match from their list of available members.

The **Pre-Game** feature in the Match Results interface allows you to select players for a particular match, who can then be added to team sheets for that match, checked in to mark attendance and have statistics recorded against their account.

To access the Pre-Game feature:

1. From your Passport dashboard, click **Competitions > MATCH RESULTS**

GameDay Passport Training
Association

Result	Home Team	Away Team	Result	Competition	Match Date Time	Venue	Lock Match	Lock PreGame			
	Bears Seniors	Demons		2023 Mixed Competition	01/01/2024 07:00		<input type="checkbox"/>	<input type="checkbox"/>	Pre Game	At Game	Post Game
	Bears Seniors	Giants		2023 Mixed Competition	01/01/2024 07:00		<input type="checkbox"/>	<input type="checkbox"/>	Pre Game	At Game	Post Game
	Bears Seniors	Jaguars		2023 Mixed Competition	01/01/2024 07:00		<input type="checkbox"/>	<input type="checkbox"/>	Pre Game	At Game	Post Game

NOTE: If you are unable to find any matches, you can use the Date Filters or Filter Match button at the top of the page to customise the parameters through which you are searching for matches.

On the left hand side is the **Available Players** list. This is a list of all the players within your club who are registered for the season.

You can select a variety of filters here to narrow down who appears within this available players list. You can adjust this via clicking the drop down arrow next to the filter icon.

Bears Seniors Demons Match Officials

Available Players

Filter: × ⌵

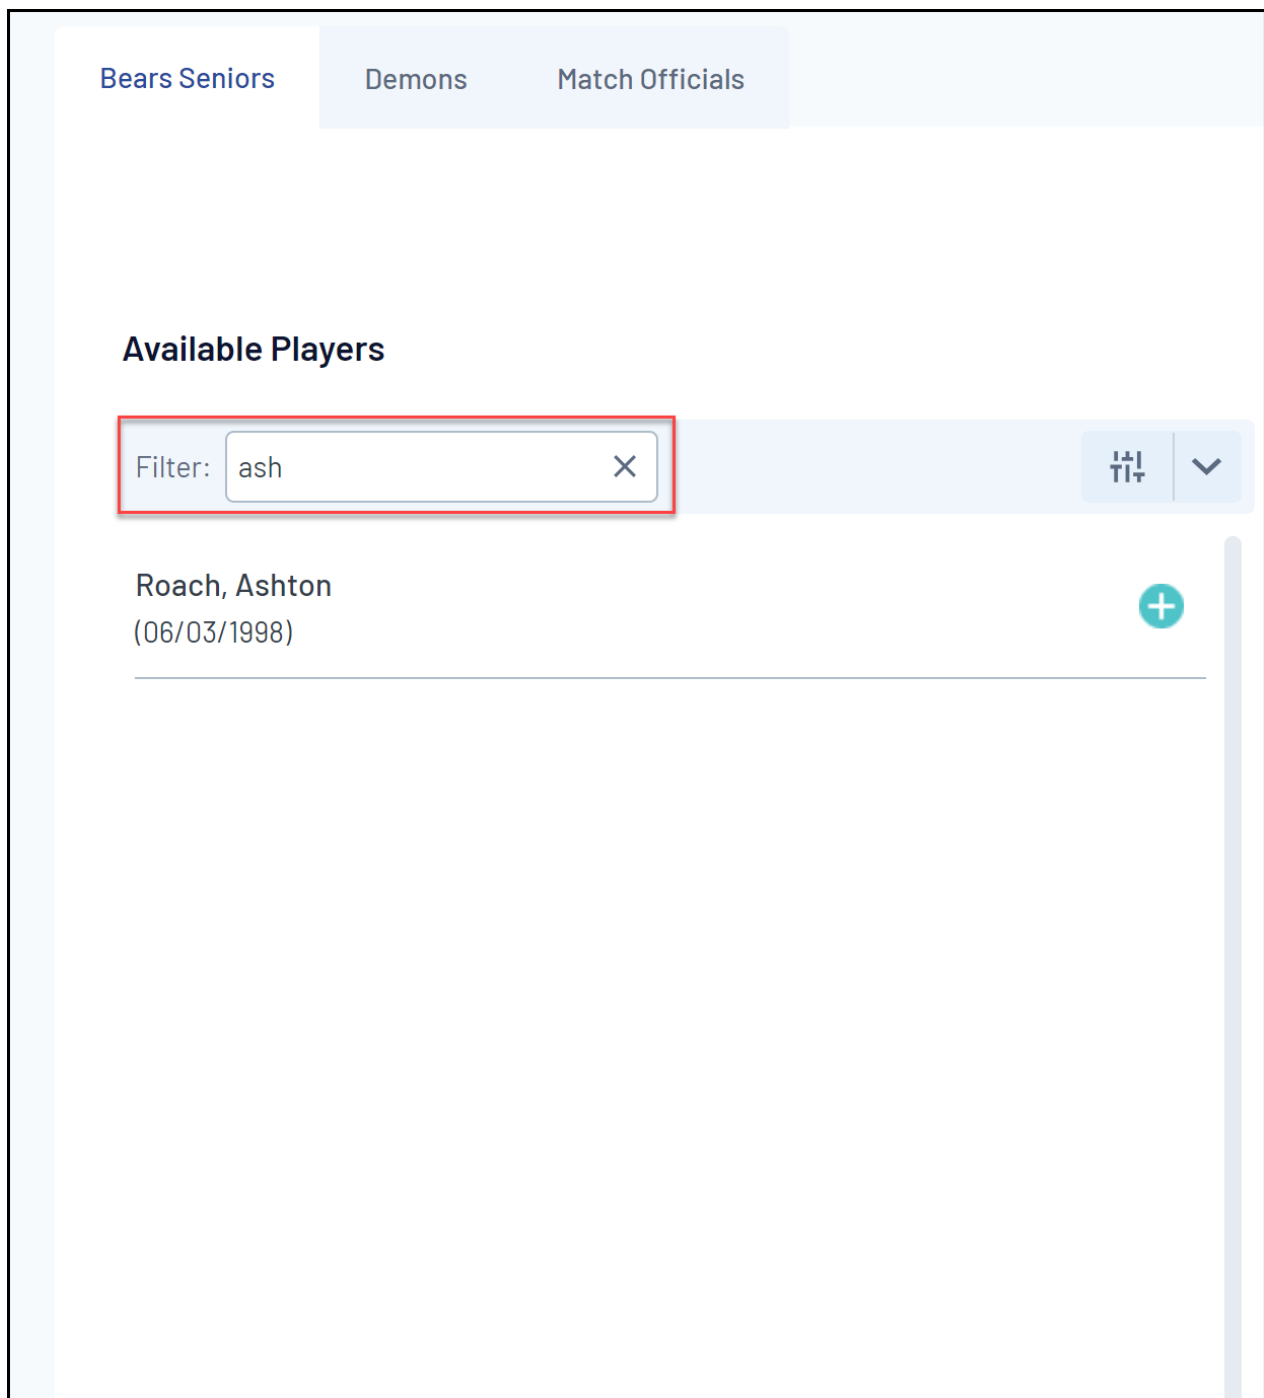

- Show all Club players
- Show Players registered to this team only
- Show Players to this age group
- Show all Financial Club players for Competition Season
- Show all players unassigned

Bailey, Colton (21/02/2010)	
Burt, Eric (26/03/1981)	
Chase, Porter (05/07/1996)	
Cox, Christian (06/05/1982)	+
Evans, Rhona (17/06/2001)	+
Floyd, Zia (10/01/1981)	+

You can select from:

- **Show all Club players** - this will list every player within the club who is registered for the season.
- **Show Players registered to this team only** - this will list the players that have been assigned to this team via the [modify team list](#) functionality.
- **Show Players to this age group** - if your association has a particular age range set for the competition this match, only players that classify within that age range will show.
- **Show all Financial Club players for Competition Season** - displays players that are financial within the season
- **Show all players unassigned** - this will list all the players within your club that are not currently assigned to a team.

You can also use the search option to find a player.

3. To select the player in the match, click the **ADD** icon against their names to assign them to the Selected Players list.

Your browser does not support HTML5 video.

You can also use the **Auto Select Players** option to automatically select players to add to this list rather than having to search and manually add members each time.

The screenshot shows a web interface for team selection. At the top, there are tabs for 'Bears Seniors', 'Demons', and 'Match Officials'. On the right, there are icons for settings, a dropdown, and a printer, along with a 'Save Team Selection' button. The main area is split into two columns: 'Available Players' and 'Selected Players'. The 'Available Players' column has a filter box and a list of players with plus signs to add them. The 'Selected Players' column has a 'Check In Player' button, an 'Auto Select Players' dropdown menu (highlighted with a red box), and a list of selected players with their details and minus signs to remove them. A dropdown menu is open from the 'Auto Select Players' button, showing three options: 'No Auto Select' (selected), 'Players from previous match in same competition', and 'Players registered to this team'.

The **Selected Players** list shows the players that you have selected for this particular match.

Once players have been added to the Selected Players list, you can:

- Add their **Player Numbers** or **Player Positions** for the match

This is a close-up of the 'Selected Players' section. It shows the 'Check In Player' button and the 'Auto Select Players' dropdown. Below this is a 'Sort by:' section with columns for 'Name', 'No.', and 'Position'. The list contains three players: Bailey, Colton; Burt, Eric; and Chase, Porter. Each player entry has a text input for their number and a dropdown for their position. The input for Bailey, Colton (number '12') and the dropdown for 'Backs (B)' are highlighted with a red box. Each player entry also has a 'Check In' checkbox and a red minus sign to remove the player.

- Check the player in using the [Check In Player](#) option, or manually using the **Check In** checkbox
