

Post Game Match Results | Overview (Mobile)

Last Modified on 10/08/2023 3:55 pm AEST

Passport's Post Game Match Results section allows administrators to enter team statistics, match results, and individual player statistics that can then be saved to your Passport competitions database in order to generate ladders and publish competition data to websites.

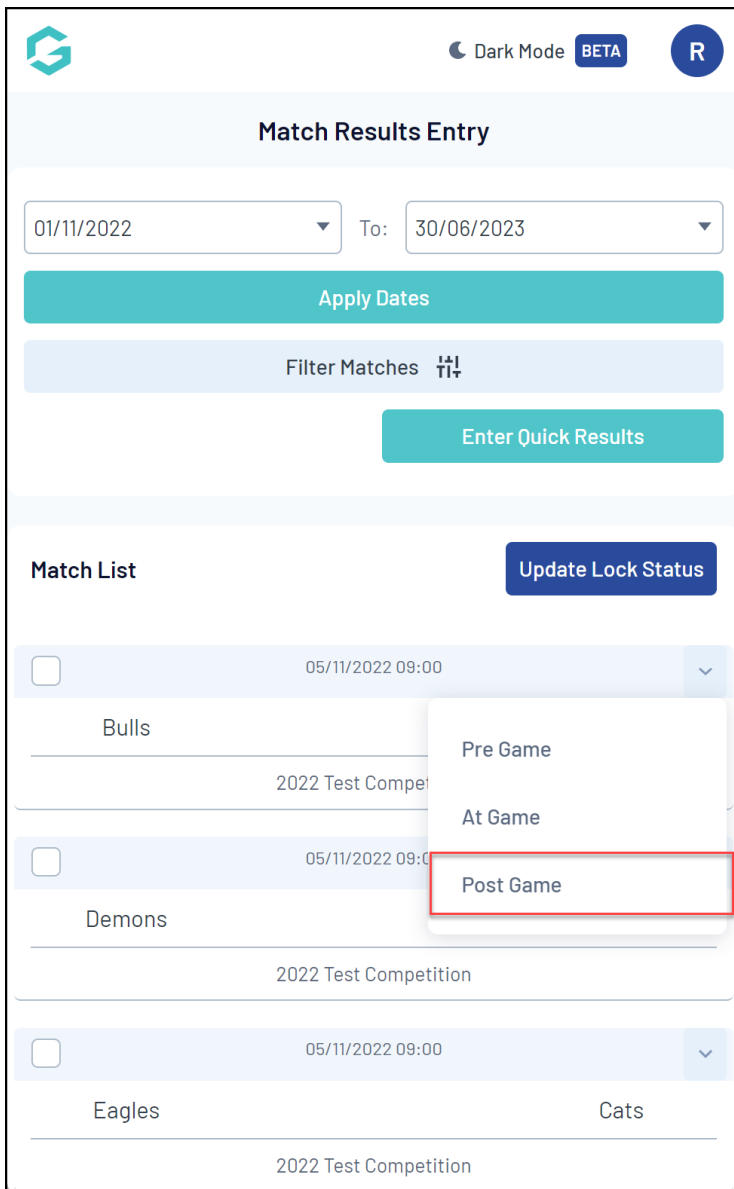

To access the Post Game match results screen:

1. Login to your Passport account and click **RESULTS ENTRY AND LIVE SCORING**

2. Select your organisation

3. Find the match you want to enter results for and click **POST GAME**

This will display a number of tabs where admins can enter team and player statistics and award votes.

NOTE: Different sports will have different statistics for teams and players. If you notice a specific team or player statistic not listed within these screens, please contact your association directly.

FINAL MATCH SCORES

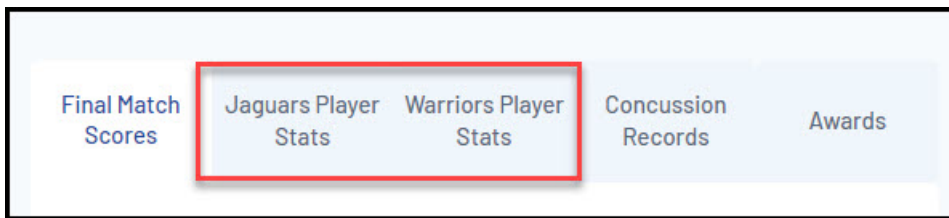

This tab is where all team match statistics are entered. You also have the ability to enter any notes related to the match.

Pre Game	At Game	Post Game
2023 Stack Sports Competition 14/07/23 10:00		
Full Time Goals Full Time Behinds Full Time Total Points		
Jaguars		Warriors
Final Match Scores	Jaguars Player Stats	Warriors Player Stats
	Concussion Records	Awards
Jaguars	Warriors	
Jaguars		
Full Time Goals	<input type="text" value="9"/>	
Full Time Behinds	<input type="text" value="4"/>	
Full Time Total Points	<input type="text" value="58"/>	
Results	<input type="text" value="Won"/>	
Save Match Scores		

Once you have entered your scores, be sure to click the **SAVE MATCH SCORES** button to ensure your results are applied to your competition ladder.

PLAYER SCORES

Each team will have its own **Player Stats** tab where administrators can enter the individual player statistics from the match. These players pull from the Pre Game section so if there are no players listed, please add them to the Selected Players list via the Pre Game tab.

In the Player Stats tabs, administrators will be able to enter any statistics that were recorded during the match for each selected player.

CONCUSSION RECORDS

In the **Concussion Records** tab, administrators can add any concussion incidents to the match, which can in turn enforce a 'Concussion Suspension' period during which concussed members cannot be selected to play - [Learn More](#)

AWARDS

The **Awards** tab allows administrators to submit votes on any competition or league awards that have been set up by the Association - [Learn More](#)

The screenshot shows a mobile application interface for managing awards. At the top left is a logo, and at the top right are 'Dark Mode' and a user profile icon 'R'. A navigation bar contains a 'Back to Match List' button. Below this are three tabs: 'Pre Game', 'At Game', and 'Post Game'. The main content area displays match details for '2023 Stack Sports Competition' on '14/07/23 10:00'. It lists statistics: 'Full Time Goals', 'Full Time Behinds', and 'Full Time Total Points' for 'Jaguars' and 'Warriors'. A bottom navigation bar has five items: 'Final Match Scores', 'Jaguars Player Stats', 'Warriors Player Stats', 'Concussion Records', and 'Awards' (which is highlighted). Below the navigation bar is a 'Select Award' section with a 'League Awards' label and a dropdown menu currently showing 'League Best and Fairest'. An 'Enter Votes' button is located at the bottom of the form.
