How do I login to the GameDay App?

16/07/2026 10:22 am AEST

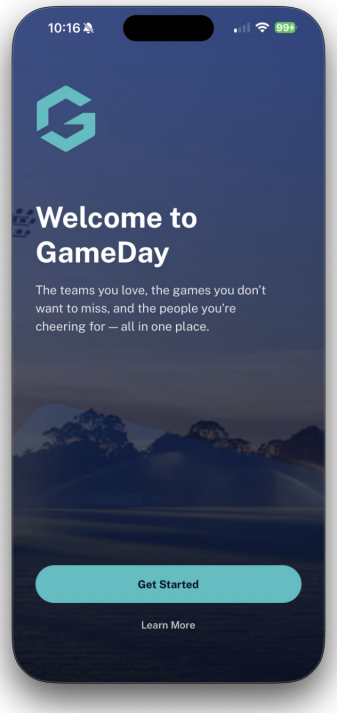

GameDay is excited to re-introduce our Mobile App. The following article will step you signing up and logging in using GameDay, which is currently available to download via the App Store and Google Play Store.

NOTE: The GameDay app is not currently used to input teamsheets/results if you are a team admin- the app is only used for viewing fixures/results. If you need team admin access, please speak to your club so they can grant you access, and you will need to log in via passport.mygameday.app

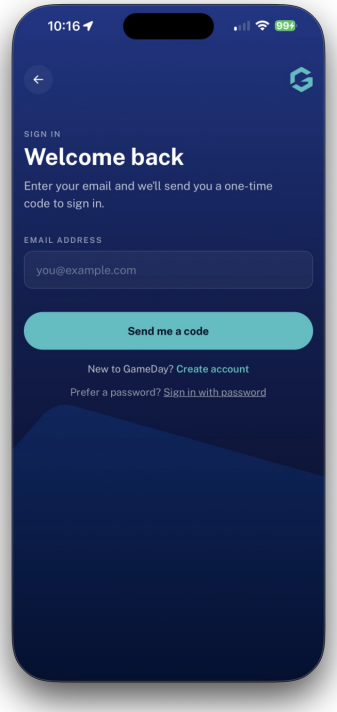

The current version for Android and iOS is version 1.0.2- Please make sure your app is up to date! This can be checked once logged in via the profile tab.

SIGNUP

Once you have downloaded and installed the app, upon opening the app you will be presented with the Welcome to GameDay Screen.
Click **Get Started** to begin the login/account creation process

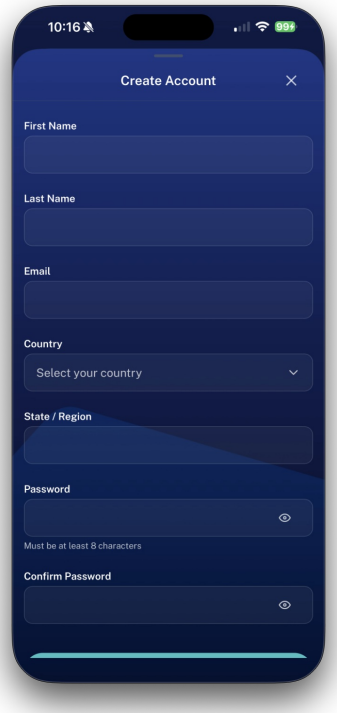

If you do not have an existing GameDay account, click the **Create Account** button to begin the account creation process

Note: You must use a valid email address to create a new GameDay account
The following fields are required for the account creation process

- First Name
- Last Name
- Email
- Country
- State/Region
- Password (Minimum 8 characters)

Once you complete the account registration, we will ask you to open your email on your phone and confirm the account creation.

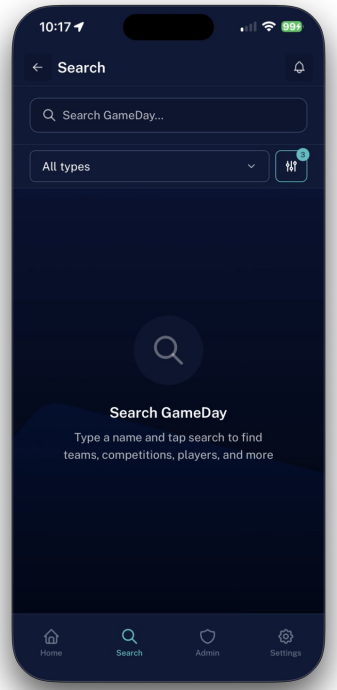

LOGIN

If you already have an account or just created an account, use those details to log into the app.

The app will take you through the onboarding process and display all linked member profiles and teams/clubs you are currently associated with.

If you know the name of the team you want to follow, input it into the search box and follow the prompts.

The advanced filtering will allow you to refine your search by Sport, Status and Location.
