# Registrations | Overview

Last Modified on 10/02/2025 9:11 am AEDT

Overview

GameDay Passport's **Registrations** module provides users at all levels with essential features that allow you to set up an end-to-end registration journey, including the ability to create registration forms and fees, collect online payment and receive settlements from incoming transactions.

Accessing Registration Features

To access the Registrations menu, click the arrow next to **REGISTRATIONS** in the left-hand menu:

The **Registrations** menu includes the below features:

Products

Allows you to create fees that you can apply to your registration process for payment to be made

by your members online.

Learn more

Promo Codes

Allows you to create generic discount codes that can be applied to products and redeemed by members on registration forms.

Learn more

Registration Forms

Allows you to create a customised registration process including fees, questions, promo codes, automated messaging and more.

Learn more

Locator

Allows organisations to publish their contact information and registration form on their sport's Locator page
