

How do I add a custom page to my Website?

Last Modified on 07/12/2023 2:26 pm AEDT

Passport Websites allow administrators to custom content as a new page on their site.

To add a new page to your website:

1. Scroll down to the bottom of your website and click **WEBSITE EDITOR**

Download the GameDay App!	
Stay up-to-date with your favourite teams and keep an eye on your rivals by accessing the latest match results, fixtures and stats via GameDay App.	
Website Editor Support Passport Search GameDay Gam Comr	eDay unity GameDay App Marketplace

2. Click CONTENT MANAGER

anage Content		Support
		GameDay Community
Content Manager W Use this section to activate sections and → Us to modify articles etc.	dget Manager e this section to activate to modify → Jr widgets	GameDay Marketplace
Media Library		

3. In the **Add New Section** field, select **Full Page** from the drop-down menu and click the **ADD NEW SECTION** button

Add New Section	Full Page	~	Add New Section
You can add multi <u>Maintenance'</u> .	ole additional sections or to remove	existing sections	by clicking <u>'Section</u>

4. In the Content Manager menu, right click the new Full Page option and click EDIT
