

## How do I add a links page to my Website?

Last Modified on 07/12/2023 2:27 pm AEDT

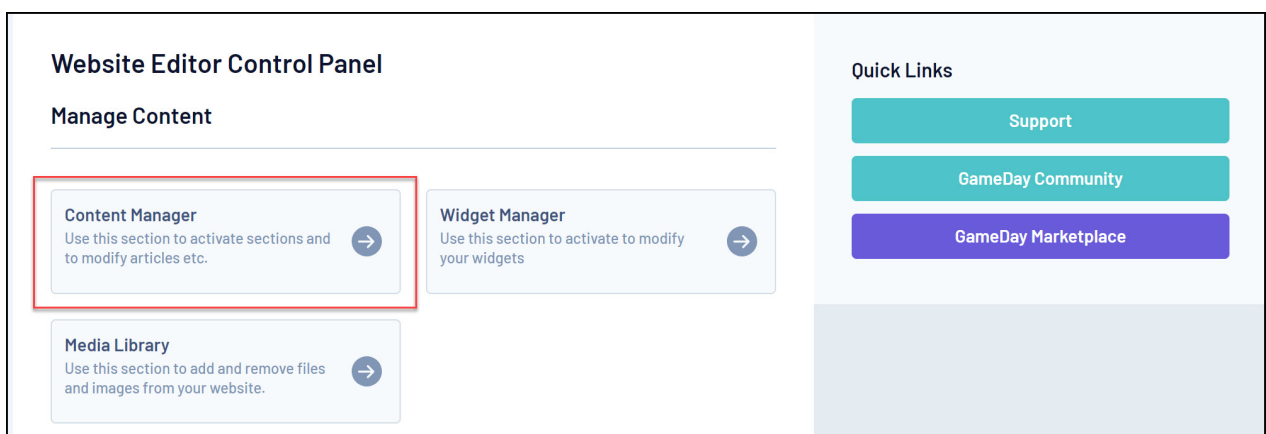

Passport Websites allow administrators to enter a page dedicated to providing useful links to other websites or resources to their website.

To add a Links page to your website:

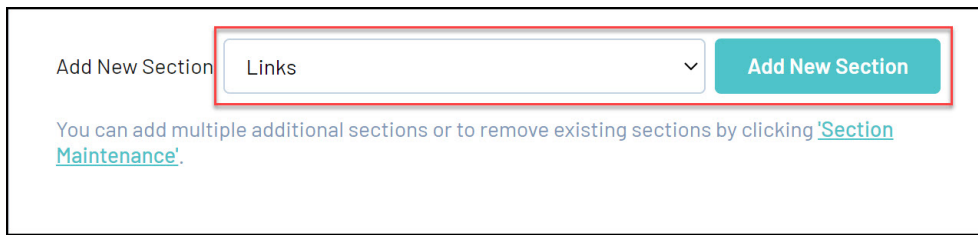

1. Scroll down to the bottom of your website and click **WEBSITE EDITOR**

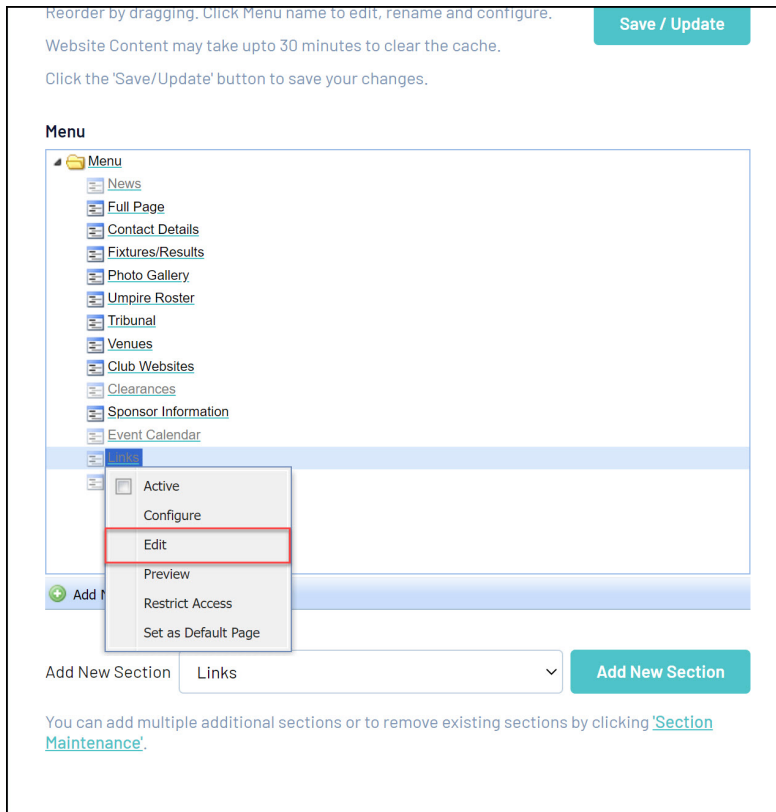

2. Click **CONTENT MANAGER**

3. In the **Add New Section** field, select **Links** from the drop-down menu and click the **ADD NEW SECTION** button

4. In the Content Manager menu, right click the new **Links** option and click **EDIT**

5. When you edit a Links section from the Content Manager you will see a screen with blank fields for adding a new link.

Showing Active articles Filter

[Add New Item](#) [Edit Item](#) [Delete Item](#)

**Add a new entry to 'Links'**

Link Name ✖

Web Address ✖

Web Link Text

Select Media

or Upload Directly

No file chosen

Image on which side

Left ▼

Enter the Link Name, Web Address, Web Link Text and any images you want to add to the link, then click **SAVE**

6. In the Content Manager menu, right click the **Links** option and click **ACTIVE**

Reorder by dragging. Click Menu name to edit, rename and configure.

Website Content may take upto 30 minutes to clear the cache.

Click the 'Save/Update' button to save your changes.

**Menu**

- Menu
  - News
  - Full Page
  - Contact Details
  - Fixtures/Results
  - Photo Gallery
  - Umpire Roster
  - Tribunal
  - Venues
  - Club Websites
  - Clearances
  - Sponsor Information
  - Event Calendar
  - Links**

Context menu for **Links**:

- Active
- Configure
- Edit
- Preview
- Restrict Access
- Set as Default Page

Add New Section Links ▼

You can add multiple additional sections or to remove existing sections by clicking [Section Maintenance](#).

Your Links page will then appear in your website menu
