How do I view competition fixtures in the GameDay App?

17/01/2024 3:41 pm AEDT

When you first log into the app and after you have followed all relevant teams, the upcoming fixture for those teams should display automatically for the week after your initial login on the **Home** screen. This page is the default landing page, and you will always be taken to this screen after login.

You can also access this screen at any time by clicking on the **Home icon** at the bottom of the screen.

SCHEDULE SCREEN

This screen will display the fixture for teams for that week.

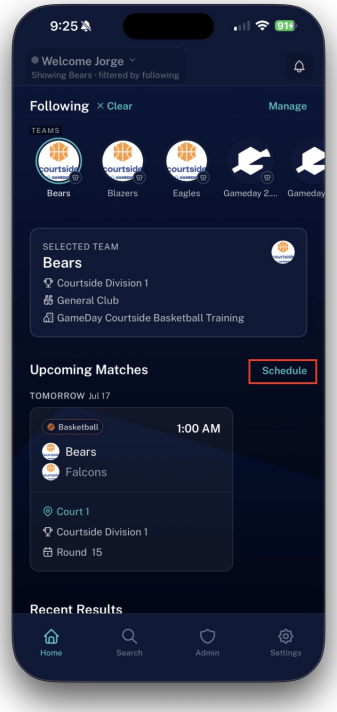

HOW DO I VIEW MY TEAMS' FULL SEASON FIXTURE?

You can access the team's full season fixture (if all rounds have been published by the competition administrators) via:

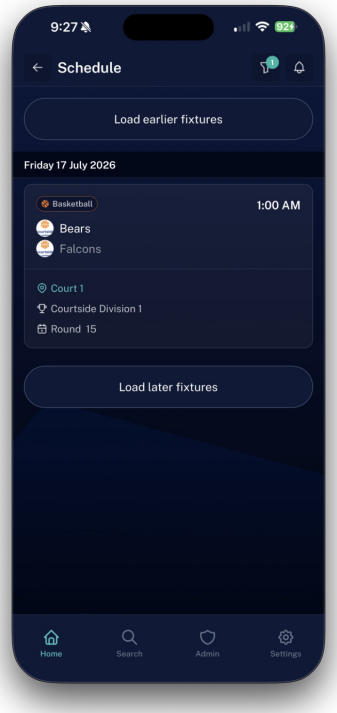

1. Go to your active teams listing by clicking on the **home icon**

2. Click on the relevant team.

3. Upcoming matches will display once filtering is applied

Clicking on the Schedule button will display a list of all upcoming fixtures and past results

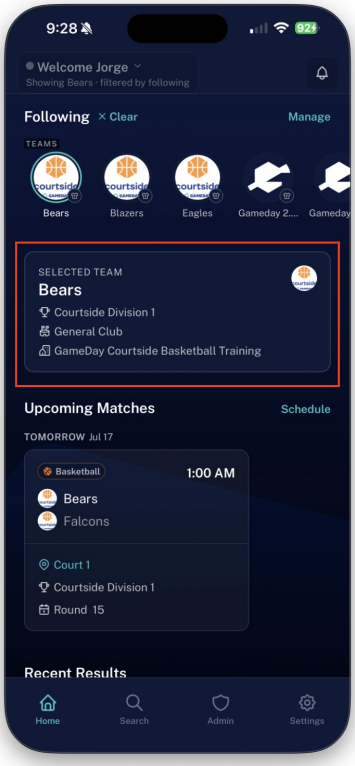

NOTE: If you cannot see past or upcoming fixtures here, it may mean the competition administrators have not made these public yet or are currently listed as hidden

HOW DO I VIEW THE WHOLE SEASON COMPETITION FIXTURE?

You can view the season fixture for the competition as a whole in two ways:

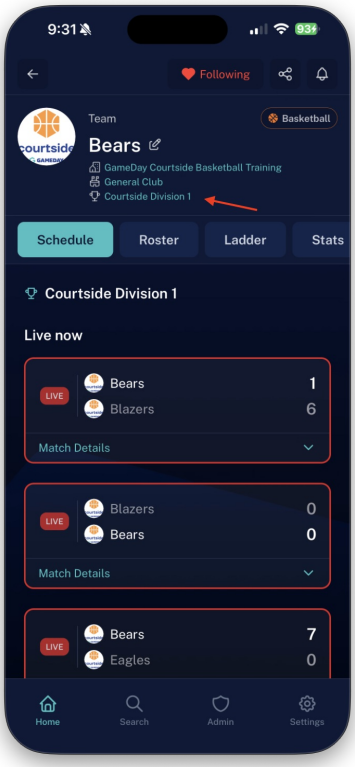

VIA AN UPCOMING MATCH IN THE HOME SCREEN:

1. Click into an upcoming match within the schedule screen.

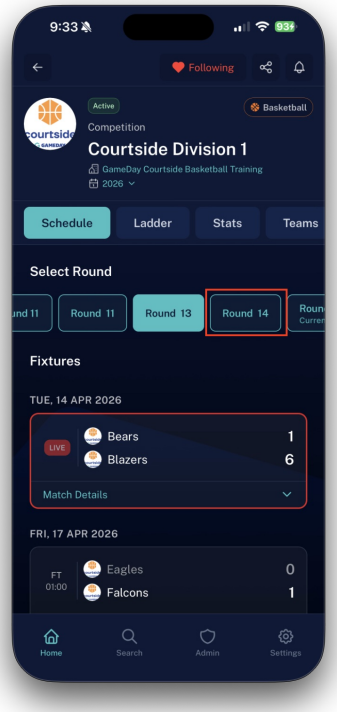

2. Click on the competition name listed in the team banner along the top of the screen

Scroll to find fixtures for all teams for that particular round.

NOTE: If you cannot see past or upcoming fixtures here, it may mean the competition administrators have not made these public yet or have hidden them from public view.

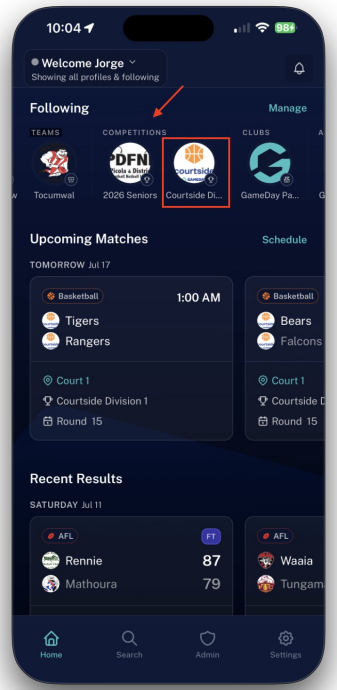

To **change the round**, just click the round name under the **Select Round** section

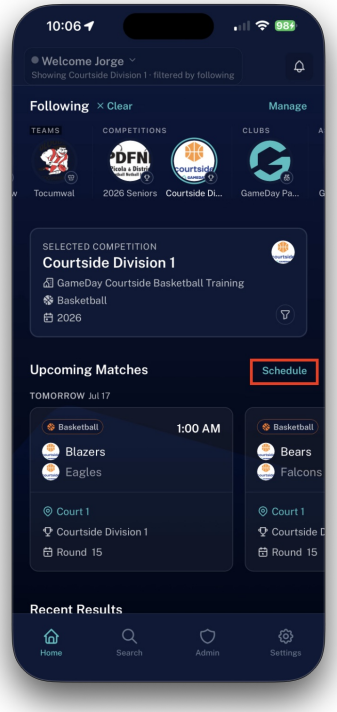

VIA THE COMPETITION HOMEPAGE:

If you are are following a competition, you can view the whole competition fixture via the **Home** page.

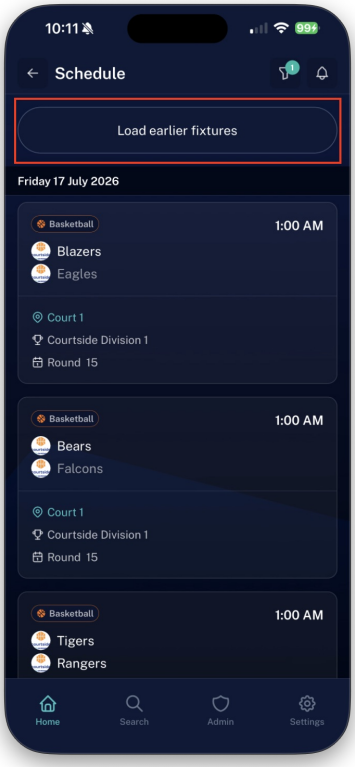

1. Click on the relevant competition.

2. On the **Competition** tab, click on **Schedule** button

By default, the Schedule page will load the most current fixtures. You have the option of loading earlier and later fixtures.

NOTE: If you cannot see past or upcoming fixtures here, it may mean the competition administrators have not made these public yet or have hidden them, so wait to see if they make them public or contact the administrators directly.
