

How do I reset my password on the GameDay App?

Last Modified on 22/04/2024 2:59 pm AEST

The GameDay App uses your GameDay account to allow you to manage your favourite teams and competitions, provided they have been published online by the Association managing the competitions.

If you are having trouble accessing the GameDay App, you can reset your password by following the steps below:

1. Open the GameDay App. If you do not have the GameDay App on your device, you can download it [here](#)
2. Tap the **FORGOT?** button

A screenshot of the GameDay App login screen. At the top left is a back arrow and the text 'Back'. In the center is the GameDay logo, which includes the teal 'G' icon and the text 'GAMEDAY powered by stacksports'. Below the logo is the text 'Login to GameDay App'. There are two input fields: 'Email Address *' with the placeholder 'email@address.com' and 'Password *' with the placeholder 'Password'. A red box highlights the 'Forgot?' link next to the password field. Below the password field is a teal 'Login' button. At the bottom, there is a link for 'Privacy Policy' and a copyright notice: '© Copyright GameDay. All Rights Reserved.' There is also a 'Create Account' button below the login button.

3. Enter your email address, then click **SUBMIT**
