How do I add a second bank account through Stripe?

Last Modified on 02/10/2024 9:41 am AEST

If you have completed your organisation's [Stripe setup](#) through Passport but need to nominate a second bank account (I.e. to cater for alternative currencies), you can edit your Financial Settings at any stage using the mobile number you used to authenticate your Stripe account upon setup, following the steps below:

1. In the left-hand menu, click **Finances > FINANCIAL SETTINGS**

2. If you have a **Complete** application, you can use the **MANAGE FINANCIAL CONFIGURATION** button to edit your details

Financial Settings
