

How do I register a team and invite teammates to join?

07/05/2026 1:12 pm AEST

Overview

If you're a Team Manager looking to register your team for a certain sport or competition, you can register your team using the steps below.

Note: If you are unsure whether the Association to which you want to register is offering team registrations, please contact the Association directly, as they will be responsible for creating and distributing team registration forms

Note: Only members who fall within the competition date range will be able to register for your team. Please ensure you are registering for the correct competition before finalising your submission

Step-by-Step

Step 1: Choose whether you are a new team or a returning team

On the first page of the registration form, you can choose between three options:

My team is registered in this league/association, and I know my team code and password: Use this option if you have registered before and are re-registering within the same league/association. For example, you may be registering for a different competition, a new season or purchasing a new product. Selecting this option will prompt you to enter your team code and password, which you would have received when registering your team for the first time

New Team Registration

I would like to request my team code and password: Use this option if you are a returning team, but you are unsure of your team code and password, which is required in order to register for your existing team. You'll need to enter your team name, contact name and email address exactly as it was entered the last time you registered. If a match is found, you will be prompted by email to reset your password.
