Overview

If you are taking online payments through Passport, you will need to reconcile the funds you receive in your bank account with the settlement payouts that are recorded in your Passport database. This can be done by checking the unique Statement Descriptor that appears on your individual settlements and tax invoices in Passport.

Step-by-Step

Step 1: Open your GameDay settlements

In the left-hand menu, click **Finances > Manage Finances > SETTLEMENT PAYOUTS**

Manage Finances

Transactions | **Settlement Payouts**

Settlement Payouts listed below are related to Stripe Payment Gateway transactions only. Funds will be available in your nominated bank account 1-2 business days after the settlement date.

Step 2: Find the settlement you want to reconcile

Your settlement list will include each weekly payout you received in your account, including the following information:

- **Paid To:** This will indicate the bank account details to which the funds were distributed
- **Start/End Date:** The Start Date and End Date fields indicate the date range within which

the orders making up this settlement were processed

- **Settlement Date:** This is the date on which the funds were settled by Stripe

Note: Depending on bank transfer times, the date you actually received the funds in your account may be up to 3 days after the Settlement Date

- **Amount:** This will reflect the amount you received in your bank account

The screenshot shows the 'Manage Finances' interface with the 'Settlement Payouts' tab selected. A sidebar on the left contains navigation options: Dashboard, States, Finances (with 'Manage Finances' highlighted), Financial Settings, Clearances, Registrations, Member Profile Portal, Reports, GameDay View, and Marketplace. The main content area features a table of settlement payouts with columns for Payout ID, Paid To, Start Date, End Date, Settlement Date, Amount, and Status. A red box highlights the first row of the table. A search bar for 'Payout ID' is located at the top right. A blue information box at the top of the table states: 'Settlement Payouts listed below are related to Stripe Payment Gateway transactions only. Funds will be available in your nominated bank account 1-2 business days after the settlement date.'
