

Member Profile Portal | Overview

19/06/2025 8:26 am AEST

Passport's **Member Profile Portals** allows members of any organisation utilising GameDay Passport to login to a front-end portal to view and manage their information including contact details, registration history, statistics, transactions and more.

Member Profile is available for all Passport users, however only specific sports will have custom branding, and each sport has a unique URL through which it can be accessed (see below). Member Profile is only available if you are a member of this sport or organisation.

Member Profile portal links

Accessing Member Profile Portal from GameDay Website

To access the login links for Member Profile Portals for each sport - [click here](#)

Learn More
