# How do I add a document to a concussion record?

29/07/2025 4:05 pm AEST

## Overview

Organisations can use Passport's **Concussions** feature to maintain important health information for their members. This includes the ability to upload and securely store documents, such as medical notes or clearance forms, against a specific concussion record.

**Note:** A member must have an existing concussion record before you can add documents to it

## Step-by-Step

Step 1: Navigate to the Member's Profile

In the left-hand menu, click Members > LIST MEMBERS
